DR-In A Box by Disaster Readiness Solutions

Disaster Readiness Solutions (DRS) presents DR-In A Box; a holistic approach which delivers a single, scalable solution to meet your Disaster Recovery (DR) and Business Continuity (BC) Program Preparedness and Recovery Resiliency needs.

Benefits

- Survey and Analyze where you are at today by using products, such as the **Enterprise Readiness Assessment**, in order to launch your recovery program the right way.
- Integrated BC/DR Program Development and Management.
- BC/DR Testing, Audit, and Compliance Services.
- Implement affordable, BC/DR Technical Solutions to meet the size of your business while remaining scalable to support your future growth.
- Custom-built Legacy System and Virtual Server Replication, Backup and Recovery.
- Internet and Private Network Services to run your business through as opposed to the Public Internet.
- Craft your Office Mobility and Virtualization (Servers, Workstations, Phones, and Faxes) Plan for when your office is not accessible.
- Consulting services to assist in building your BC/DR program, creating program documents, managing your program, and testing your BC/DR program.

DR-In A Box products and services are also available a la carte. Choose just the features needed to enhance the quality of your BC/DR Program already in place.

Whether you are a Start Up Company or well established, use **DR-In A Box** to build your program, effectively and correctly, from the ground up.
