## Daily Dose Med Pack by Wright Pharmacy

A safer, easier way for patients to take medications.

**WRIGHT PHARMACY**  
  
Caring for Our Neighbors Since 1909.

Help yourself or a loved one remain independent.

This program is designed to help you or a loved one take the right medications at the right time—giving you and your family one less thing to worry about. By making it easier to take your medications, it can help people live longer and healthier lives.

When someone signs up for the program, we evaluate all of the patient's prescriptions and non-prescription medications and consult regularly with the physicians for medication changes and refills.

All medications are kept securely at the pharmacy and can be delivered right to the patient's home for free.

Each on-the-go package includes a detailed description of the patient's name, pharmacy contact information and is clearly labeled for dosing at morning, noon, evening or bedtime.

## Key Benefits

Easy to use and identify.

Improve medication adherence with detachable, individual blister packs.

Morning, noon, evening & bedtime doses.
