The Bettendorf Wrestling Club is a great opportunity for kids to learn the sport of wrestling in a fun and supportive environment. The Bettendorf Wrestling Club strives to develop confidence, self discipline, positive attitudes and good sportsmanship. The goal of the Bettendorf Wrestling Club is to not only prepare young wrestlers to compete at the high school level but also to help build the character traits and work ethic that will make them successful in life.

This meeting will include all the needed information for the upcoming wrestling season. We will discuss registration, practices, competitions, apparel and answer any questions you might have. This meeting will be your only chance to try on competition singlets prior to placing your pre-season order. There will be a lot of useful information at this meeting so both new and returning parents are encouraged to attend. If you are unable to attend you can register at [www.bettendorf-wrestling-club.com](http://www.bettendorf-wrestling-club.com).
