

4CH HDD Mobile DVR, 3G/WIFI/GPS module supported

Features:

1. 4 channel (2D1+2CIF / 4 HD1 / 4CIF)
2. H.264 video compression, Linux operation systems, dual streaming
3. Digital timestamp, motion detection
4. 1TB hard disk & 1pc SD card (32GB) storage
5. 8 seconds power-off delay for data protection
6. RS485, RS232, speed input interface
7. As a black box for vehicles- record speed, position, acceleration, temperature, brakes, backing up, turns and alarms
8. 3G (WCDMA/EVDO)/WIFI/GPS modules optional

Specification:

System	Language	Chinese/English
	Operating system	Linux
Video	Video input	4 CH
	Video output	1 CH RCA
	Signal system	NTSC/ PAL
Audio	Audio input	4 CH
	Audio compression	ADPCM
	Video resolution	D1/HD1/CIF
	Local-storage	2.5 inch 1TB hard disk One SD card, max 32GB
	Alarm input	6 CH
	Alarm output	2 CH
Built-in Modules Optional	GPS	GPS module
	3G	WCDMA / EVDO
	WIFI	802.11b/g/n
Extended Interface	Network interface	1 RJ45 Ethernet interface
	Serial interface	1 RS232 & 2 RS485
	Speed interface	1 Speed sensor
	USB2.0	1
Power & Consumption	Power input	DC8V ~ 36V
	Power output	4 channel DC12V 2A
	Consumption	12W-30W
General	G-sensor	Built-in G-sensor module
	Dimension	220mmx166mmx70mm
	Weight	2.5kg
	Operating temperature	-25°C ~ +85°C
