Statutory and Provincial Holidays: A site that is normally scheduled to be open on a statutory holiday will be closed on that day and will not re-open until the next normal scheduled day of operation. Site scheduling may vary during Holidays like Christmas, New Years, Family Day, Easter and Thanksgiving etc. to be sure please refer to www.athabascaregionalwaste.com for revised schedules.

*****PLEASE ARRIVE AT LEAST 15 MINUTES PRIOR TO CLOSING TIMES*****

ALL LOADS MUST BE COVERED OR SECURED - OPERATORS HAVE THE RIGHT TO REFUSE ANY LOAD

What can go Where?

All Transfer Sites, accept at No Charge, the following Sorted Recyclable Materials:

Cardboard and Boxboard, Newspaper and Magazines, Sorted Office Paper, Tin Cans, Glass, Plastic Bags and Film, Hard Plastics, Agricultural Pesticide Containers, Used Oil Filters and Containers up to 20L, Tires, Paint, inkjet and toner cartridges, rechargeable batteries, cell phones, computers, televisions, monitors and printers. For more detail visit our website at: www.athabascaregionalwaste.com

Rural Transfer Sites: (Perryvale, Colinton, Whispering Hills, Grassland and Wandering River)

are set-up to accept solid waste from local residents. In general, all rural sites may accept the following: recyclables, household waste, furniture, scrap metal, appliances, wood and small quantities of do-it-yourself construction and renovation materials.

The Rural Transfer Sites Are Not Set-Up for dump trailers or to accept large loads of shingles, commercial business waste, construction, renovation or demolition waste. Those loads and dump trailers may be re-directed to the Athabasca Transfer Site or one of the two landfills.

Note: Cost savings may apply if materials are delivered landfill direct.

The Athabasca Transfer Site and Recycle Facility

accepts household waste from all residents within the Athabasca County and is set up to handle medium to large loads of commercial business waste, asphalt and cedar shingles, scrap metal, appliances, wood, construction or renovation waste and vinyl siding.

Note: Mixed large loads and dump trailers may be re-directed to a landfill.

The Boyle Transfer Site

accepts household waste from all residents within the Athabasca County and is set up to handle medium to large loads of commercial business waste, asphalt and cedar shingles, scrap metal, appliances, wood, construction or renovation waste and vinyl siding.

If in doubt, please call ahead to confirm your waste disposal options. Call for info 780.675.1117

The Athabasca Regional Landfill is a registered Class II landfill that can accept most types of solid waste from a Dump Truck, Bin, or Dump Trailer with the exception of Hazardous, Industrial or Oilfield Waste.

The Boyle Regional Landfill is a registered Class III landfill that can accept most types of solid dry inert waste from a Dump Truck, Bin, or Dump Trailer with the exception of Hydro Carbon Contaminated Soils, Hazardous, Industrial or Oilfield Waste.

User Fees are collected at all Transfer Sites and Landfills to support capital and operational costs including trucking and material specific processing costs. Recyclable Materials that are accepted for free are prepared for market at the Athabasca Recycle Facility and the revenues received from the sale of the materials support the handling costs. **In efforts to maintain Low User Fees and to keep operational costs low** it is important that materials are sorted into designated areas so that they may be diverted from landfill and processed efficiently.

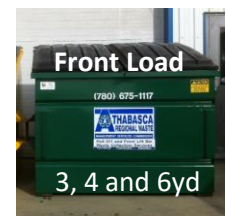

****NEED ROLL OFF BIN SERVICE? Bin Services are ideal for: Renovations, Spring Clean-up, Roofing, Estate Clean-up, Yard Waste and almost anything else you can think of . . .**

20yd and 30yd Roll Off Bins

Easy as 1, 2, 3. . .

- 1.) Call and arrange for a delivery date and place.
- 2.) On the date of service your bin will arrive.
- 3.) Fill it, and then call to have it removed.

We also have 3, 4 and 6yd front load bins available for monthly, bi-weekly or weekly service. Call 780.675.1117 or visit www.athabascaregionalwaste.com for Roll Off and Front Load Bin Services.
