

2016 Testimonies from parents

Parents were asked what they loved most about RCELC and the Staff.
Here are a few of their comments:

"What we love most about the RCELC staff: How friendly & kind everyone is. I can go to work and never worry about my child because I know she is in good hands. I especially love hearing my child tell me about what she has learned in the school." - The Santiago Family

"We love the fact our daughter is being developed in a Christian environment. RCELC is always seeking to improve their curriculum and add value." - Pugh Family

"It's an exciting place for her to come to explore everyday. She loves showing me her artwork when I pick her up." - Johnson Family

"We love the happy smiles that greet us in the morning and the realization that it made to know each child is different with their own likes and dislikes. Most of all, as a parent I love that I can feel confident my son is in good hands... you hug him when he's sad and kiss his boo-boos when I can't be there... you accept him like is if one of your own children and help me to raise him as he grows. Thank you!" -R. family

"Ms. Chris is like a second mother to our son A. and helped him break out of his shyness and become more confident." -Ramos family

"Our children have only been attending for a short while, but we love that Jesus is integrated in this school. Everyone is so kind & understanding!" - Schaeffer Family

"Even outside of school, team members stop to say hello and see how we are doing. The bond that the staff have with the families of RCELC go beyond the walls of the school." -Pollack family

"The RCELC is a great school and I am thankful that my daughter L. has the opportunity to be a part of it." -Z family

2016 Testimonies from parents

"We are so comfortable with J. being at Riverview because of the staff and the sincerity.... It is obvious that all staff members love our children and they show it everyday. We are so grateful for that." -Roberts family

"My experience with Riverview dates back to when my nephew E. (now about to turn 11) attended Riverview.... When C. was born last March and my husband and I were looking for childcare, Riverview was at the top of my list.... I had no hesitation leaving her in the loving care of Ms. Claudia, Ms. Christine, Ms. Deb & Ms. Debbie on that day (or any day thereafter). Their love and concern for her was very apparent and continues to be evident as she grows and changes and is now moved to the Infant 2 room. Thank you for loving her and caring for her as if she were your own child!" - M.G.

"Such a friendly & loving atmosphere everyone knows the kids and the kids seem to like all the teachers- even the ones they don't see a lot. I always feel safe sending the kids to school." -H. Family.

"A. has grown in so many ways since starting in his new school & I attribute many of his accomplishments to us partnering with RCELC for his education/daycare." -Christman family.

"...She looks forward to coming to class and has learned many new things. Asks to go to school on the weekend. Thank you for being a shining example of a daycare. All children should be as lucky as mine are having Amy & Ashlee as teachers." -Jolly family

"Wonderful, kind, caring, loving, God-focused staff....Variety of activities available to the students. Bible lessons & character ed(ucation). You guys are just great!" -S.H.
