**BOIL ORDER LIFTED**  
**MILL CREEK WATER RECLAMATION DISTRICT**  
**IL0890120**

Utility work on the Water Main at the water treatment plant required a shutdown of your water supply on June 21, 2022, to make the appropriate repairs.

Water service was restored on June 21, 2022, at 2:20 p.m.

The Illinois Environmental Protection Agency (IEPA) requires the issuance of a “BOIL ORDER” to any Public Water Supply Customer whose water pressure is reduced or shut off.

Satisfactory samples were received from the lab on June 22, 2022.

The boil order is now lifted.

Please call your water operator, Sheaffer & Roland, Inc. at 630-208-9898 or 630-675-9963 after hours, with any questions.
