

SPITFIRE Solutions is an Ambassador for Christ in Flight Test & Evaluation (T&E) & Flight Training scalable to any mission for our DoD & Industry customers operating in high-risk environments around the world in **Foreign Military Sales (FMS) or Commercial off the Shelf (COTS)**.

- Rotary-Wing
- Fixed-Wing
- UAS/UAV
- DoD Acquisition
- Airworthiness
- Rapid Prototyping
- Fielding & Sustainment
- Aircraft Survivability
- Supplemental Type Certificate (STC)
- System & Subsystem Integration
- Research & Development (R&D)
- Life Cycle Management

SPITFIRE Solutions works closely with the PM, SysE, AED, OEM, FAA and vendors to ensure the proper execution of critical milestones, on schedule and under budget while monitoring cost, schedule, performance.

- DT/OT Test
- RDT&E Test
- Cyber & IA Test
- IPT/TIM
- Test & Evaluation Master Plans (TEMP)
- Telemetry Data Collection, Reduction & Reporting
- CJCSI-6212.01F Net Ready T&E
- Design of Experiments
- IFF Systems
- JCIDS
- DoD 5000
- Decision Reviews

541330 ENGINEERING SERVICES We employ U.S. Naval Test Pilot School (NTPS) graduate veteran military FAA Certificated personnel. Utilizing our instrumentation packages, we provide high quality & timely data collection, data reduction & reporting. We off-load risk, ensures successful testing & certification the first time at an affordable price of any platform/system from inception to delivery.

- Experimental Test Pilots (XP)
- Flight Test Engineers (FTE)
- Airframe & Powerplant (A&P)
- Instrumentation Packages
- PDR/CDR/TRR
- Airworthiness Qualification Plan (AQP)
- Handling Qualities & Performance
- Flight Loads Survey
- EMC/EMV
- 2.75 Hydra 70 Rocket
- .50 Caliber Machine Gun
- Hellfire Missile

611512 FLIGHT TRAINING We employ highly skilled veteran military FAA Certificated aviators & maintainers providing hands-on training. Training includes classroom academics, simulator, and flight instruction which involves the development of realistic tactical scenarios to drive training events (including concurrency and technology upgrades).

- Instructor Pilots (IP)
- Standardization Pilots (SP)
- Maintenance Test Pilots (MTP)
- Maintenance Examiner (ME)
- Program of Instruction (POI)
- Individual Combat Skills Training
- Crew & Team Training
- Collective (Unit) Training
- NVG
- Bambi Bucket
- Hoist/Sling Load
- FRIES/SPIES

PAST PERFORMANCE

- Department of State (DoS)
- Army Program Executive Office of Aviation (PEO AVN)
- Non-Standard Rotary-Wing (PM-NSRW)
- Armed Scout Helicopter (PM-ASH)
- Prototype Integration Facility (PIF)
- AMRDEC Aviation Engineering Directorate (AED)

NONCOMPREHENSIVE PLATFORM LIST

- AH-64 A/D/E
- C-12 C/D/U
- C-26
- CH-47 D/F
- MQ-1 Predator
- OH-58 A/C/D/F
- T-34
- TH-67
- UH-1H Huey II
- UH/MH-60 A/k/L/M
- UH-72A EC-145
- VX-31 Scan Eagle
