DUTIES AND RESPONSIBILITIES OF LEAGUE REPRESENTATIVES

The League Representative may be a principal, athletic director, or other interested personnel elected by the League to represent the league at all Section meetings wherein business will be conducted which concerns the body of member schools. The League Representative is the official liaison between the Athletic Council and the league.

The League Representative is elected by the league for a one-year term and is eligible for re-election.

Duties of League Representatives

1. To represent the league at all Section meetings wherein business will be conducted which concerns the body of member schools.
2. To attend all special meetings when summoned by the Section President.
3. To inform the league of all business transactions that take place at special and regular Section meetings
4. Occasionally, items will be introduced and discussed at Section meetings and then tabled so that discussions may be held within the league. It is then the responsibility of the League Representative to bring these items before the league and to see that the league defines its stand so that the proper vote can be recorded.
4. To have a knowledge of the general philosophy and thinking of the league so that a vote may be taken on emergency items or items that require an immediate vote without going back to the league for discussion.
5. To assume the responsibility of bringing items before the Athletic Council or Executive Board. In this case, notification must be given to the Section Executive Director and Administrative Assistant well in advance so that the items may be placed on the next meeting's agenda, and so that member schools can be notified if necessary.
7. To carry out any other responsibilities and duties as requested by the league to by the Athletic Council.
8. To carry out any duties and responsibilities as requested by the Section President. League Representatives are responsible to the President.

NOTE: Leagues shall appoint an alternate to represent them if their representative is not available.

ONLY THE LEAGUE REPRESENTATIVE OR HIS DESIGNATED ALTERNATE ARE ELIGIBLE TO VOTE AT ATHLETIC COUNCIL MEETINGS. (In case neither can attend, another alternate may be designated by the League President who will notify the Interscholastic Sports Coordinator in advance of the league meeting.)

The responsibility for being knowledgeable of all Athletic Council actions is the responsibility of the respective leagues and not of the Athletic Council. Consequently, the League Representative is a VERY IMPORTANT PERSON.

This agreement is between Section IV of the NYSPHSAA and Sports Officials Organizations that service member schools.

I. Philosophy

The giving and acceptance of an officials assignment is an agreement between the individual school and the official to the extent that the official and the school will hold their original agreement unless unusual circumstances prevent the official from fulfilling his agreement or prevent the school from conducting the scheduled event.

II. This agreement established the following:

A. Fee Schedule

1. The fee schedule has been developed toward the services of two (2) types of officials.
Certified: An active official who has achieved National or State rating. A NAGWS official who has achieved a National, State or a Local rating with a minimum of two (2) years experience.
2. Non-Certified: An official who is in training for advancement to certified status.
NOTE: While the Officials Coordinating Committee recognizes that non-certified officials are actually certified officials in training for active status, this terminology is only used for payment of fees for service.
3. The payment of fees is reflected in a total game fee and payment will not exceed this figure.
4. The number of officials are reflected for each sport at the Varsity level only. Modification of number of officials for Junior Varsity or Modified programs will be at the discretion of the home school.
5. Schools or leagues requesting certified officials on contest below a Varsity level will be expected to pay the Certified fee.
6. For all contests that Section IV is financially responsible, Arbiter Pay will be used for all these contests.

B. Full Fee

1. Full fee will be paid whenever the game officially starts, even though it may end short of a legal game for any reason.

C. One and One-Half Fee

On contests assigned to two or more officials, a one and one-half fee plus mileage (for mileage see Travel H. #4.) will be paid to the individual who is forced to work alone due to the absence of the other official(s) or when the school district has requested only one official be assigned.

D. One-Half Fee

Official(s) will be paid a one-half fee plus mileage (for mileage see Travel H. #4.) whenever the officials arrive but the game cannot start due to weather conditions, site conditions, or due to an error on the part of the school.

The Officials Chapter will pay the school a one-half fee per official whenever a duly assigned official fails to report for a contest. A duly assigned official is to be considered as an official assigned by his chapter or assigner. The chapter or assigner must have been advised by the school as to the contest (site and time) 48 hours prior to contest.

E. Double Dual Fee

Two (2) dual contest fees will be paid when two (2) separate contests between three (3) or more schools are conducted at the same site simultaneously. Mileage numeration for one (1) contest only.

F. Sectional Fee

1. Referees, umpires, starters, and head judges, working Sectional contests, or League Varsity championship contests, will receive \$5.00 above the Varsity contest fee for that sport.

G. Tournament Fees

1. Fees will be paid for tournaments as agreed by Section IV and Officials organizations of the determined sport.

H. Travel Fee

1. Mileage rate is .09 cents less than the IRS mileage rate as determined in January.
2. Mileage to be paid \$.485 cents per mile (up to 100 miles round trip) (2020-2021).
3. Mileage is from officials home to site of contest. Mileage is determined using Mapquest.
4. No mileage to be paid within a 10 mile radius of the officials home.
5. Mileage for contest with up to 4 officials one (1) car allowed; contests with 5-8 officials two (2) cars mileage allowed; contests with 9-12 officials three (3) cars allowed mileage; contests with 12-16 officials four (4) cars allowed mileage.
6. In sectional contests, if two or more officials are assigned that are from different geographical boards, mileage will be paid to two (2) cars per contest. NOTE: In contests where officials are assigned to service both Varsity and Junior Varsity contests, mileage will be paid only once. In double dual situations, mileage will be paid only once. 8-2020

III. Joint Responsibility of Leagues, Schools, and Officials Organizations

- A. The said parties agree to accept and abide by the Statement of Principals for Officiating and the Constitution of the New York State High School Officials Coordinating Federation as written in the NYSPHSAA Handbook.
- B. Accept and abide by the provisions of the Officials Agreement as written in the NYSPHSAA Handbook.

IV. Responsibility of League/School

- A. The League/School shall provide the sports schedule to the appropriate assigners within the following schedule:

Fall Sports:	July 1
Winter Sports:	October 1
Spring Sports:	February 1
- B. The League/School shall notify the assigners as soon as possible when it has been determined that a contest has to be rescheduled or canceled.
- C. The home school shall be responsible to notify the assigners that a contest has been postponed due to weather conditions, temporary closing of school, unplayable site conditions, or other emergencies as judged by the school's administration. If this notification is made two hours prior to scheduled starting time of contest, the school will not be responsible for any fee or mileage charges. Failure to meet this procedure will result in the school paying the one-half fee provision.
- D. School Administrators are responsible for providing safe and secure access to a designated separate officials dressing/shower facilities before, during and following contests.

V. Responsibility of Officials Organization

- A. To provide to the Director of the Officials Coordination Committee and the Section IV Interscholastic Sports Coordinator a roster of all officials certified for the varsity level for the upcoming sports season. The dates for this procedure will coincide with the dates that have been set for the providing of sports schedules to officials organizations.
- B. To be responsible in meeting the five (5) point program as written in the NYSPHSAA Handbook.
- C. To provide to the Director of the OCC a confidential rating copy of all active officials.
- D. To strive to provide Section IV with a sufficient number of officials so that every contest is covered by the designated number of officials.
- E. To provide, with the roster, the individual who will accept all correspondence and will be the official representative that communicates with the OCC.
- F. Assigners:
 1. To assign the correct number and duly certified officials to athletic contests as determined by this Agreement.
 2. To notify Athletic Directors that the scheduled sports contest has been accepted either by confirmation of the contest or supplying names of officials that are assigned to the contest.
 3. To strive to assign officials to no more than one (1) contest per day.
 4. To strive to assign no official to a contest in which his/her school or school district is playing or where a conflict of interest may exist.
 5. To strive to assign officials who live or work within close proximity of each other to the same contest, so travel may be made in one vehicle, thus making it more economical for all parties involved.

6. In the event that duly assigned officials fail to report to the assignment or the assigner fails to assign the duly number of officials, that a letter of explanation be presented to the Athletic Directors of the offended schools and the Chairman of the OCC within seven (7) days of the incident. The one-half fee to the home school and mileage to the visiting school provision will be in effect.

VI. Unacceptable Officials

- A. A school may request in writing that an official not be assigned to their contests. This request must be signed by the Varsity Coach and the Athletic Director of such school. Such requests will be honored for a two (2) year period.
- B. Should a school present an excessive number of unacceptable officials, the Officials Organization may request a meeting with the OCC to discuss the issue.

VII. Grievance

- A. Official's Organizations may at any time request a hearing before the OCC. The OCC will then decide whether the request will be heard or to direct the request to the appropriate agency.
- B. Any grievance or dispute which may arise between Section IV and Official's Organizations concerning the application, meaning or interpretation of the agreement shall be settled in accordance with the procedures outlined in the NYSPHSAA Handbook.
- C. The goal always is to settle the disagreement at the lowest level possible in an informal and expeditious manner.
- D. It is understood that the purpose of the grievance procedure is to provide a mechanism for settling disputes about the Agreement which cannot be resolved informally between the school and the official.
- E. Either party has access to the grievance process.

VIII. Negotiations

- A. Discussions and negotiations for the Fee Schedule shall take place between a Joint-Conference of representatives from the OCC and representatives of the involved sport.
- B. Each Official's Organization may be represented by no more than two (2) members from each Official's Organization and all Official's Organizations, of that sport, must be duly represented in person or excuse the right by issuing, in writing, to the Director of the OCC, as to whom will be their official representative.
- C. The Joint-Conference will be chaired by the Director of the OCC or his designee.

SECTION IV
EXTRA-PERSON OFFICIALS CREWS

In the event that certain individual games, tournament games, league finals or section IV tournaments games require by past practice or league or section approval, the following schedule must be used. Unless it has been a past practice, any change would require league or section approval. In cases where an extra official is used for any Section IV contest the extra \$5.00 bonus would not apply. In those sectional games where the extra official is not used the Section Fee as written in the contract will apply.

GROUP 1:

Basketball (B/G) – This would require league approval for any schools that should decide to use the three man crews during league play or playoffs and sectional approval for any games played at the sectional level. In September of 2008 the Section IV Schools voted to use three (3) officials for Section IV Boys & Girls Basketball Semi-Finals and Finals only. Again because of the extra official and the added expense the \$5.00 Section Bonus would not apply when an extra official is used.

Three Officials	Three Officials	Three Officials	Three Officials	Three Officials
96.50/Official	97.50/Official	99.00/Official	101.00/Official	103.50/Official

Football – Past practice is to use five (5) paid officials for all sectional playoff games. With the new contract the extra \$5.00 bonus would not apply.

Five Officials	Five Officials	Five Officials	Five Officials	Five Officials
96.50/Official	97.50/Official	99.00/Official	101.00/Official	103.50/Official

Lacrosse (B/G) – Past practice is to use three officials for the section finals. Three man crews used for any other Section IV or any League games or tournaments, would be subject to League or Section IV approval. Because of the use of an extra official and the added expense the \$5.00 Section Bonus would not apply in this situation.

GROUP 2:

Baseball – Past practice has been for the officials’ boards to give the section 3 for 2 for the Section IV finals. Beginning with the new contract, whenever extra crew officials are used full fees would be paid. Because of the use of an extra official and the added expense the \$5.00 Section Bonus would not apply.

Soccer (B/G) – At the March 2001 Section IV Council meeting the Athletic Council voted to use Three-Man Crew for both, boys and girls Section IV Finals Only. These are the fees. Individual schools could use three man crews at any time subject to league approval. Because of the use of an extra official and the added expense the \$5.00 Section Bonus would not apply in this situations.

Softball – Past practice has been for the officials’ boards to give the section 3 for 2 for the Section IV finals. Beginning with the new contract, whenever extra crew officials are used full fees would be paid. Because of the use of an extra official and the added expense the \$5.00 Section Bonus would not apply.

1. If a school brings at least 6 - count as a team.
2. If a school brings less than 6 - no team. *

* If more than one school brings less than six but the accumulated number exceeds six, add one more team. Continue doing same in

multiples of six, e.g. 6 - 1 team
12 - 2 teams
18 - 3 teams

WRESTLING

Dual Meets:

For instances where only one (1) official is used to officiate both the varsity and junior varsity meets:

Extra Bout – any match that does not directly count towards the varsity dual meet score

Any number of extra bouts that is greater than or equal to half the number of NYSPHSAA weight classes will be paid as a full junior varsity dual meet fee

For any number of bouts less than half the number of NYSPHSAA weight classes, the fee will be calculated as followed:

For extra bouts that are officiated before the start of the varsity match, those will be compensated at the JV exhibition fee

For extra bouts that occur after the start of the varsity match, those will be compensated at the varsity exhibition fee

The extra bout fee will not be used unless the total number of matches officiated exceeds the total number of NYSPHSAA weight classes

The exhibition fee schedule will be:

Varsity \$6.50

Junior Varsity \$4.50

Modified \$3.50

Tournament Fees:

Tournament fees will be based on number of bouts officiated.

A forfeit will be recognized as a bout under the same terms of the dual meet.

For Sectionals and League Championships, Article II, F., 1 and 2 of the original Agreement will be in effect.

Site Chairmen and assignors will determine the number of Officials for Tournaments.

Wrestlebacks will be handled as regular bouts and paid accordingly.

It is recommended to have at least one more official than the number of mats used

Wrestling Fees for Tournaments:

Total number of matches wrestled (include forfeits, etc.)

Divide by the number of NYSPHSAA weight classes

When dividing, if the remainder is greater than or equal to half the number of NYSPHSAA weight classes, the number of dual meets will be rounded up.

Multiply by dual meet fee.

Divide by number of officials.

LIFETIME PASSES

A Lifetime Pass will be issued upon the request to men and women who have met at least one of the following requirements:

1. Men and women who have terminated their coaching career after at least 15 years of active coaching in Section IV, and

Men and women who may not have coached but who have served faithfully through the years, such as Basketball Site Chairperson, Principals and/or other teaching personnel who have given years of service on various committees, etc. in the Council, State Committees, or Section Officers.

3. All Past Presidents of Section IV (retroactive).

All applicants for Lifetime Passes must be screened by the Executive Committee. Screening to be held once a year during the fourth week in August. (Effective 9/1/70). Passes will only be printed in September and February each year.

Such a Lifetime Pass would be issued upon proper application to the Interscholastic Sports Coordinator and would read "Admit (name) and One to any athletic contest in which a Section IV school is a host." This Lifetime Pass policy effective as of 9/1/69.

Statement of Purpose:

1. It is not intended to flood the Section with "free passes."

It is our intent to honor those who deserve special recognition for their contribution in athletics in Section IV throughout the years.

SECTION IV PASSES

Three per school (Superintendent, High School Principal, Athletic Director) by name and non-transferable. Also, add two (2) per school to be used at their discretion. All passes admit two people.

AWARDS

The NYSPHSAA Inc. Is in opposition to the policy of giving materially valuable awards to members of High School Athletic Teams. They recommend that school authorities give only awards such as medals or an insignia. Therefore, to subscribe to their suggestions and recommendations, it would seem appropriate to follow an awards policy which would implement a sound program.

Here in Section IV, the awards policy will be governed as follows:

1. Recognize the first place team with an appropriate trophy in each classification of competition.

2. Appropriate certificates will be awarded.

3. Appropriate medals and/or ribbons will be presented to championship teams and place winners in individual sports activities.

4. All awards will be purchased by the Section IV Treasurer upon advice of any Awards Committee so designated by the Section IV President.

5. The Section IV Council will vote on any changes to be made in the Awards.

SECTION IV HALL OF FAME

The Section IV Hall of Fame was established in 1971 to honor coaches, athletic contributors and athletes who have been outstanding in their particular fields.

An individual who has been selected has had an outstanding career in athletics. A coach selected has been an outstanding influence on young people and by example has shown the meaning of the word "sportsmanship." A person selected as a contributor has served athletics by working as a long time athletic supervisor, i.e. sports chairman, site chairman, or has been a person who has always co-operated and tried to foster athletics in the school system. A person selected may have been associated with sports either by reporting or working in an official capacity, i.e. officiating or assigning officials to school sports programs.

REQUIREMENTS

Athletes - Ten (10) years out of high school to be considered.

Coaches or Contributors - Fifteen (15) years of working and/or association with athletics.

PROCEDURES

A. Applications to be distributed by the Hall of Fame committee at the first Sectional meeting of the school year (September). Applications also may be obtained by request from either the Hall of Fame committee or Interscholastic Sports Coordinator during the year or on the Section IV Website www.sectionivathletics.com.

B. Return date for applications is **November 1**.

C. The committee shall meet in December to consider applications for the proceeding year. The Section President is an ex-officio member of the committee or may appoint another officer to serve in his place.

D. The committee shall organize an induction ceremony to be held at the finals of the Sectional Basketball tourney for the said year. The ceremony shall be organized with the cooperation of the Section President and the Interscholastic Sports Coordinator.

The responsibility of this committee is to hear appeals as stated in the appeal procedure and outlined in the NYSPHSAA Inc. handbook under appeals. This committee is acting on behalf of the Section IV Athletic Council.

Procedure for Appeals

1. Schools request an appeal after a Section IV Committee makes a decision pertaining to the written entreaty – schools must pay \$500.00 to commence the process of an appeal and if they win the decision the money is returned. The School appealing will also be responsible for ½ of Section IV Legal fees associated with the appeal.
2. Appeal is set up and the Executive Committee is asked to hear the case – the appellant is given an opportunity to present their evidence related to the case then Section IV is provided the chance to summarize their findings associated with the particular case. Each side is allowed a final summation and the committee deliberates and ascertains a decision which is given to the appellant in a timely matter.
3. A special effort is taken to provide a “fair and impartial” hearing in regards to the due process procedure. The appellant and the Section are entitled to legal representation at the proceedings. Furthermore, if an appeal is denied the appellant is notified what legal recourse they have and the time parameters involved.

This committee will set up criteria for ethical practices on the part of all participants in the athletic programs of Section IV. They will also be responsible for the effective use of such practices. They will hear violations and set penalties as warranted.

Rescheduling games due to weather conditions, we are all aware of how difficult the weather can affect contests being played and making up contests. It is imperative that we all follow the rules the leagues have set to make up these games which state that they should be rescheduled at the next open date with league games taking precedent over non-league.

It is the athletic directors' responsibility to uphold the integrity of the schedule by following the rules. League or sectional playoffs should not be taken into consideration.

Athletics is all about education and teachable moments. Dealing with both winning and losing is one of these. Teaching life lessons as well as integrity can be difficult, but can prepare our athletes for the future.

In addition to such powers as may hereafter be conferred, the Ethics Committee of Section IV (or a sub-committee thereof) shall have general authority to hear and adjudicate complaints or grievances of an ethical nature involving any persons or organizations functioning directly or indirectly under the jurisdiction of Section IV.

Any person or organization charged herein (hereinafter sometimes referenced as "respondent") with an ethical violation which is not already dealt with under existing specific policies of Section IV, such as the Misconduct Policy or the Camps and Recreation Programs, shall be entitled to written notice of the specific complaint filed with respect to such respondent and shall be entitled to an opportunity to be heard after reasonable notice in writing of the charge by a sub-committee comprised of the Interscholastic Sports Coordinator and two members of the Ethics Committee, each of whom shall be a voting member. Such sub-committee shall be empowered to determine the validity of the grievance and, in the event it is found to be valid, take appropriate action on behalf of the Section. Such action may involve a full range of sanctions including, but not limited to, suspension from participation in future contests and/or forfeiture of contests already completed.

Any determination made by such sub-committee may be appealed to the Athletic Council, where a sub-committee comprised of the President and any two additional members of the Council that he or she may select will review the matter. Such sub-committee may review the matter strictly on written submissions or may, in its sole discretion, afford the individuals, or attorneys or advisors representing such individuals, an opportunity to orally argue the appellant's position.

The determination of the sub-committee of the Ethics Committee shall be final unless an appeal is taken to the Athletic Council. If such an appeal is taken, then the determination of the sub-committee of the Athletic Council shall be final.

Schools must pay \$500.00 to commence the process of an appeal and if they win the decision the money is returned. The School appealing will also be responsible for ½ of Section IV Legal fees associated with the appeal.

As noted above, the Ethics Committee will also have any authority granted to it under separate and specific resolutions of the Athletic Council including, but not limited to, the Misconduct Policy and Camps and Recreation Programs. Those policies which set forth the rights and procedures pertaining to matters which they address shall be unaffected by any specific rights and procedures set forth above.

Because Section IV believes that the purpose of interscholastic athletics is to help promote sportsmanship and also believes that coaches, athletes and officials should be setting examples by their behavior, it is recommended that the following policy be implemented:

MISCONDUCT POLICY

Any coaches or players should refrain from unsportsmanlike conduct. Any specific act of misconduct of the kind described herein by any coach or player from the modified level through the varsity level in any sport shall result in action by the Section as set forth below.

COACHES AND PLAYERS:

Any school whose coach or player is ejected from an interscholastic competition for having used profanity, engaged in unsportsmanlike conduct, or who physically assaults an official shall be sanctioned for such conduct on the part of such coach or player in the following manner:

Disqualification for Use of Profanity or Unsportsmanlike Conduct

A. **COACH:**

1. Any coach excluded by a certified official from an interschool competition for unsportsmanlike conduct, including taunting, is ineligible to coach any interschool competition in that sport until after the next previously scheduled contest at the same level (e.g. junior varsity, varsity, etc.) has been completed. In individual sports a multi-day contest is considered to be a contest. Disqualification from one season carries over to the next season of participation. The coach may not be present at the game site nor communicate in any manner during the contest with any person present at the site. **NOTE:** "Not being physically present at the site" means the disqualified coach is not to be present in the locker room, on the sidelines, in the stands or site area before, during or after the game/meet. (see Taunting, p. 91, Next Previously Scheduled Contest, p. 90) Any coach that does not serve the penalty for violating the Sportsmanship Standard will be ineligible to participant in the next two regularly scheduled contests. If the coach continues to not serve the penalty, the matter will be referred to the Section for further action. If the coach is involved in the NYSPHSAA play-offs, the matter will be referred to the Executive Director of the NYSPHSAA.

Any coach:

1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;
 2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and
 3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the disqualification penalty takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.
2. A coach who strikes, shoves, kicks or makes other physical contact with the intent to annoy, harass or intimidate another person (e.g. official, another coach, player, fan) shall be expelled immediately and banned from further participation or coaching in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense.

B. **PLAYER:**

1. Any member of a squad disqualified by a sport official for unsportsmanlike conduct, including taunting, or for a flagrant foul shall not participate in that sport in the next previously scheduled contest with a member school or in NYSPHSAA tournament play. In individual sports a multi-day contest is considered to be a contest. The contest in which the athlete was disqualified must count in the total maximum number of contests permitted. Disqualifications from one season carry over to the next season of participation. (see Taunting, p. 91, Next Previously Scheduled Contest, p. 90)

Any player:

1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;
2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and

3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the third ejection takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.
2. Any member of the squad who strikes, shoves, kicks or makes other physical contact with the intent to annoy, harass or intimidate an official shall be expelled from the game immediately and banned from further participation in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense. NOTE: Member of the squad includes player, manager, score keepers, timers, and statisticians.

C. **OFFICIAL:**

1. Unprofessional conduct on the part of the official such as, but not limited to, taunting, baiting, use of profanity, shall be reported by a school administrator from the aggrieved school to the section executive director. A request will be made to the appropriate sport officials chapter to investigate the incidence and to report their action to the section in a timely manner

General Rules:

Any player or coach cited for misconduct which occurs before or after the contest is played, and if found guilty, shall subject the school to the same penalties as if the offense occurred during the game. Events occurring away from the site of the contest shall not be handled under this policy, but may be reviewed by the Ethics Committee under its general authority.

Although multiple acts may be cited as evidence of the offense, for purposes of the sanctions set forth above, no more than one offense shall be deemed to have occurred in any one game, except that if a coach or player is ejected from a contest by an official for unsportsmanlike conduct or the use of profanity, any continuation of such unsportsmanlike conduct or profanity following ejection may be cited as an additional offense.

DEFINITIONS

Player - Any student athlete participating in an interscholastic sport at any level from modified to varsity.

If a player has been accepted for an Individualized Education Program prior to the time of the offense, and the hearing panel determines that the offense arose out of the particular condition which rendered the student eligible for an Individualized Education Program, such player shall not be deemed to have committed an offense and neither the student nor the school shall be penalized under these rules.

Coach - Any person serving in the role of coach including, but not limited to, assistant or associate coaches, J.V. coaches, or other persons performing in a role commonly deemed to be that of a coach, regardless of the name or title afforded to such person and regardless of whether they perform at a modified, freshman, junior varsity or varsity level. The fact that a coach is not functioning in an official capacity at the time of the offense shall not exempt a school from the sanctions contained herein.

Participate - Participate shall be defined for purposes of this policy as being present on the school grounds of the school where the contest is being held.

Profanity - Profanity for purposes of this policy shall be defined as the use of language commonly considered to be swear words and/or obscenities including, but not limited to, any words or phrases generally regarded by officials as meriting ejection, regardless of the tone of the utterance or the context in which the language is used. A list of typical words and phrases which is not intended to be all inclusive but is illustrative of profanity has been placed with the Interscholastic Sports Coordinator. Any coach who has any concern or doubt about the words or phrases deemed to constitute profanity should contact the Interscholastic Sports Coordinator for clarification.

Assault - The actual physical contact of an official by a player or coach where such contact occurs with intent.

Unsportsmanlike Conduct - Any misconduct or unprofessional behavior generally deemed to violate accepted norms of sportsmanship for coaches or players which would ordinarily justify ejection from a game or event and/or which in this instance did result in such ejection.

Technical Offense - An incident which might arguably be deemed unsportsmanlike, but which occurs as part of the normal flow of the game or contest (e.g. illegal hold in wrestling, illegal tackle or block in football, running into a catcher), even though it may result in ejection, will not be deemed unsportsmanlike conduct unless it is flagrant and is deemed to have been committed with intent to injure.

Calendar Days - Calendar days as used in this policy for the purpose of calculating certain notice periods shall not include Saturdays,

Sundays or State Holidays.

PROCEDURES

Any ejection occurring during the course of a game shall be presumed to be based upon misconduct or assault unless one or more of the officials involved in the game or both athletic directors certify to Section IV that the ejection was not based on such grounds.

Within twenty-four hours of the contest in question it shall be the duty of the official to provide by phone call, fax or email a report of the misconduct. Within two calendar days of the contest in question, it shall be the duty of the athletic director for the school district in which the coach is employed or the player attends to report said incident to the Interscholastic Sports Coordinator of Section IV.

Failure to provide a report by the official within the above stated time frames may render an official ineligible to work post-season games. Failure to report such incident by the athletic director shall not serve as a defense for the school, coach, or player in question. Placing a report in the mail, e-mail or faxing the same by the athletic director to the Interscholastic Sports Coordinator within the two day period shall be timely.

Any other coach, athletic director, building principal or other appropriate school official may report such misconduct or assault of which they are aware, even if no ejection has occurred, and such reports shall be deemed to have the same force and effect as an ejection by an official.

Although only one signature is needed on the misconduct reporting form, any party submitting such form may at his or her election include the signature of other game officials or school representatives who can attest to the facts evidencing the misconduct.

Where a player or coach is ejected from a game or he or she is reported to the Section as having been guilty of misconduct or assault by a school official, the Section shall forward to the coach or player notification that he or she has been reported as having been guilty of a particular offense. Such determination shall become final unless within two (2) calendar days of receipt of the notification, the player or coach or the school with which they are affiliated forwards by Certified Mail (Return Receipt Requested) to the Interscholastic Sports Coordinator a request for review.

If any player or coach fails to fulfill a sanction imposed under misconduct policy, that player or coach shall be ineligible to participate until such sanction has been fulfilled. Any game in which an ineligible player or coach participates shall be forfeited.

Any school whose player or coach is charged with misconduct or assault, and/or the player or coach themselves, shall be entitled to a review of the charge by the Interscholastic Sports Coordinator of the Section. The Interscholastic Sports Coordinator will review any written materials submitted and, where available, any video or audio tapes of the events in question, and shall determine whether the citation should be sustained or dismissed. The determination of the Interscholastic Sports Coordinator shall become final unless he/she grants further leave to appeal to a three member panel of the Sportsmanship Committee or within two days of receipt of notification of the decision of the Interscholastic Sports Coordinator, the school with which the player or coach is affiliated forwards to the Interscholastic Sports Coordinator by hand delivery or certified mail (return receipt requested) a request for a hearing by a three member panel of the Sportsmanship Committee. Every request for a hearing must be accompanied by a check from the school district in the sum of \$500.00 payable to Section IV, which deposit will be returned in the event the decision of the official is modified or revised. The hearing shall be held as soon as practicable.

In any matter where the Interscholastic Sports Coordinator is required to recuse himself/herself, any member of the Sportsmanship Committee may be designated to fulfill the roll of the Interscholastic Sports Coordinator under this policy. Any such member of the Sportsmanship Committee serving in the place of the Interscholastic Sports Coordinator would be ineligible to serve as one of the three members of the hearing committee should a further appeal in such matter be taken.

Requests for review and/or hearings relating to an official's judgment of the facts will be permitted, but such determinations will only be reversed if the evidence of misjudgment on the part of the official is clear and convincing.

In appointing the members of any such hearing panel, the Chairman or Interscholastic Sports Coordinator shall consider both the availability of committee members and any potential conflicts of interest which might exist relating to the issue, the teams and/or the personalities involved. Where a request for a hearing is made, the hearing panel shall meet within ten days of receipt of the request for such hearing. They shall render a decision within one week of the closure of the record with respect to such hearing.

In the event that the hearing panel reaches a determination which is favorable to the school, coach and/or player, the matter shall be stricken from the record and shall not be treated as an offense.

If the hearing panel determines that the coach or player was guilty of misconduct or assault, then the offense shall remain a part of that person's record and the penalties prescribed herein shall be imposed.

The decision of the hearing panel shall be forwarded in writing to the player or coach and his or her school district, and shall become effective upon receipt by the school district.

Unless otherwise requested by the player or coach, any penalties to which the player or coach might otherwise be subjected shall be stayed pending a determination by the Interscholastic Sports Coordinator or the hearing panel.

In the event that the player or coach does not waive the automatic stay herein, the hearing panel shall determine whether or not the request for a hearing was frivolous or groundless. If the hearing panel determines that it was frivolous or groundless, then the school, player or coach may be subject to such other and additional penalties as the hearing panel deems appropriate including, but not limited to, the forfeiture of games previously played and/or extended bans on participation in games to be played in the future.

Any ejection of a player or coach occurring in a game or contest held outside of Section IV must be reported to the Interscholastic Sports Coordinator of the Section by the athletic director of the school district of the coach or player ejected. Failure to file such report within two days after the team returns to the local area may subject the school to penalties.

Any school which is not a member of Section IV but which participates in a league based in Section IV shall be subject to the same rules and procedures described herein for any offenses occurring in a contest within said league. Any offenses by a player or coach of a school district outside of league competition shall be reported to an appropriate official of the Section wherein said school district is based for such action as that Section deems appropriate.

Notwithstanding any provision set forth herein, the Sportsmanship Committee of Section IV reserves the right to review either on its own initiative, or at the request of a parent, athlete, coach or school, the facts and circumstances involved in any incident and make such decision as the interests of fairness and justice require.

If any coach, athletic director or player needs clarification of any of the rules and policies set forth herein, the Interscholastic Sports Coordinator of the Section will endeavor to respond to such inquiries. However, all inquiries must be set forth in writing.

CODE OF ETHICS

Interscholastic athletics are an inherent part of the total education program for students in the schools of Section IV. Our athletic programs will be properly organized, administered and conducted to provide opportunities for students to participate in athletic activities which promote growth and development, teach social and recreational skills, and develop leadership qualities. These values are more rapidly attained when the program is founded upon the highest standards and ethical practices.

STATEMENT OF PRINCIPLES

Whereas Section IV was formed to allow member schools to cooperate together to promote all forms of athletics for the students of Section IV, it is imperative that each member school pledge to maintain a common bond of ethics so that all operations of the Section adhere to an ethical code for the good of the Section and all Section parties so attached.

RESPONSIBILITY OF MEMBER SCHOOLS

Whereas membership in the Section commits each school to a common cause, it is of utmost importance that every member school supports the regulations of the Section, and if ever in disagreement, moves within the prescribed channels to adjust and revise such procedures as necessary for the betterment of the organization.

Rescheduling games due to weather conditions, we are all aware of how difficult the weather can affect contests being played and making up contests. It is imperative that we all follow the rules the leagues have set to make up these games which state that they should be rescheduled at the next open date with league games taking precedent over non-league.

It is the athletic directors' responsibility to uphold the integrity of the schedule by following the rules. League or sectional playoffs should not be taken into consideration.

Athletics is all about education and teachable moments. Dealing with both winning and losing is one of these. Teaching life lessons as well as integrity can be difficult, but can prepare our athletes for the future.

In addition, school personnel should air grievances through the proper Section channels rather than through a group e-mail, social media and news media. Any complaint which a school or any official connected with a school has concerning the Section, any of its' individual members, or parties related to or contracting with the Section should present their particular concern to the Ethics Committee of Section IV for consideration and, if possible, resolution. Purporting to act in one's individual capacity, as opposed to representing a school or district, will not relieve an individual of the obligation to observe this provision of the Code of Ethics.

Any communications regarding such grievances to the Ethics Committee should be confirmed by a written correspondence.

RESPONSIBILITY OF SECTION ADMINISTRATION

Whereas the Constitution of the Section prescribes a method for election of officers, and designates a voting method, it is incumbent upon said officers to pledge their efforts within the framework of the Constitution, to follow the policies and procedures as outlined in the handbooks adopted by the Section, and to carry out their duties to the fullest so that the Section will have the leadership needed to reach the goals of the organization. They must fulfill their professional responsibilities with honesty and integrity, and uphold the honor of the profession in all relations with students, colleagues, coaches, administrators and the general public.

RESPONSIBILITY OF SPORTS COORDINATORS

Whereas the actual involvement in Section activities is apt to fall heavy upon the Sports Coordinators, it is vital that these Coordinators provide opportunities for student participation, obtain competent site personnel, to meet state regulations, constantly be aware of the safety factor in all endeavors, foster training of students and spectators in conduct, game ethics and sportsmanship, and engender respect and the application of all local, Section, state and national rules and policies under which Section activities are conducted. Site personnel, in order to perform their duties, will need the cooperation of fans, players, coaches and administrators. It is the responsibility of site personnel to see that this is carried out properly.

RESPONSIBILITY OF COACHES

Whereas opportunities are available for coaches to provide input towards Section regulations through League Sports Coordinators as well as Section Sports Coordinators, they are obligated to uphold the rules and regulations in the Constitution and the handbook for policies and regulations.

RESPONSIBILITY OF OFFICIALS

Whereas schools have entrusted officials to assist them in the educational development of the youth through athletics, the proper operation of such process requires that officials be independent, impartial and responsible to people they serve. Every member of the officiating profession carries a responsibility to act in a manner becoming a professional person. The conduct of any official influences the attitude of the public towards the profession in general as well as towards the official in particular.

CONCLUSION

Whereas all concerned must work together for the good of the Section, we must remember that an athletic contest is only a game - not a matter of life or death for player, coach, school, official, fan, community, state or nation.

POLICIES

"Be it resolved that if there is a violation of the NYSPHSAA, Inc. and/or Section IV policies, (rules and regulations) the protest must be directed to the Section Interscholastic Sports Coordinator, in writing, before an investigation will be initiated by the Ethics Committee. (Violations will be dealt with on an individual basis.) Sanctions will depend on the severity of the violation."

"Be it resolved that the poster be accepted by all Section IV schools and be displayed in all member schools at all times. It should be in an area where it can be seen by all spectators for spectator sports."

"Be it resolved that the following announcement be approved. It shall be read before each Sectional contest where there are spectators:
Ladies and Gentlemen, we would like to welcome you to a Section IV Interscholastic contest between _____ and high schools.

We should recognize the purpose of athletics is to promote physical, mental, social and emotional well-being of individual players and their fans, and that this is a game between high school students, not professionals. We encourage that everyone in attendance display proper ideals of sportsmanship, ethical conduct and fair play.

Section IV rules include no alcohol beverages, noise makers, obscene language and throwing of objects.

Anyone not abiding by the rules set forth by the Section may be subject to immediate ejection from the premises.

Your help in following the rules will be greatly appreciated.

If you do your part as a spectator, we are sure that you and the players will have a worthwhile experience.

Thank you for your cooperation.

And now for tonight's/today's starting line-ups..... "

(It is recommended as a first preference that the President of Student Council or President of Honor Society read the announcement from the center of the court/field. Also, as second preference would be the captain or his/her alternate read it. It is further suggested that a representative from participating schools each read one half of it.)

"Be it resolved that the introductions of the players be staggered. Player A-1 go to the center of court/field. Player B-1 go to the center of court/field. They shake hands and each go to foul line or forty yard line, etc. Continue until all starters are introduced. Then the rest of the team members join their starters on the court/field. The Coaches then are introduced and shake hands on the sidelines."

"Be it resolved that spectator bus(es) must have supervisor(s). Supervisor(s), upon arrival, identifies himself(s)/herself(s) to host site chairperson to assist where needed and when asked to at that site. (Only at the request of the site chairperson as needed.) (Pins and/or arm bands will be made available to each school to identify the host chairperson.) Schools must call the site chairperson to inform him/her if they are sending a spectator bus(es) and who the supervisor(s) will be. They must call as soon as they have been made aware of where and when they are playing."

Sectional Entry Policy

SEP#1 "Be it resolved that Section IV Entry Policy for Sectional Tournaments (State Qualifying Tournaments) shall be 40% win percentage for overall schedule or 50% win percentage for class schedule. Should only one school qualify in any class, the 2nd seeded team would have the option to play in the Sectional Final." (6/2012)
Sports this policy effects: Fall – Soccer (B/G), Field Hockey & Girls Volleyball
Winter – Basketball (B/G)
Spring – Baseball, Softball and Lacrosse (B/G)
