

## Corporations CARE:

### A Professional Guild

---

The Suits to Careers Professional Guild is made up of businesses committed to making a difference in the lives of our neighbors in transition, experiencing extreme financial hardship, unemployment/underemployment and in need of professional development training.

Your financial commitment will underwrite the cost of the **Career Advancement and Resource Education (CARE)** program. Offering four cohorts per year, the six week sessions will focus on effective job search techniques, personal presentation, computer training, financial literacy, mock interview skills and marketing/branding on social media. All training cohorts are completely free of charge to clients of Dress for Success and Tied to Success.

### Professional Guild Membership Benefits:

- ◇ Freedom to sponsor a single session, an single cohort or full cohort annually
- ◇ Receive an annual report on outcomes & client services for your charitable reporting purposes
