DESCRIPTION: This is a reconditioned and modified Kaibab. Despite its issues, this bow is a comfortable and accurate shooter. One tip was broken off, so both tips were cut off and the tips and tip overlays were refashioned. It is now somewhere between a full and semi-recurve. Fortunately, the modifications resulted in little loss of speed. Both the riser and the limbs were refinished. There was a lot of crazing on the limbs, and in refinishing them I was not able to save the decals, which have been replaced by reproductions. The bow has no delamination; no cracks; limbs are straight. Beveled arrow shelf. Overlays and tips are in good condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches, blemishes, and nicks here and there. Were it not for the modifications, this bow would sell in the \$170-\$200 price range.

COMES WITH A NEW MATCHING STRING.
