Values:

- **Faithful work effort: Whatever your task may be, put in your very best effort, as something done for the Lord and not for men.**
- **Professionalism: We have a neat clean appearance, show up on time ready to work. We act with maturity, work diligently and are always productive. We communicate effectively and appropriately with our clients and each other.**
- **Respectful: We are not guests, so we do not make ourselves at home in someone else's house. We are there to perform a service for our clients. We are careful with the home and belongings in the home. We are respectful of the homeowners, clients and coworkers.**
- **Serving: We look for ways to help our neighbors in the community in useful ways. Helping others helps us feel better about ourselves and makes our lives fuller.**

Culture:

- **Know Better Do Better: We are not afraid of change. We are constantly looking for better ways to do our job.**
- **Learning: In order to grow as a person and a company we should always be learning.**
- **Steadfast: We persevere through the tough jobs. Not every job is easy. Persevering through challenges makes us stronger. Successful people never give up.**
