MASKS

- **For a layer of safety**, our Edgez Dance staff will **continue to wear masks** as our staff and instructors are speaking throughout the class, spotting students in acro, and having close contact with multiple families throughout the week.
- **As of 3/6/2022 Edgez Dance will be moving to mask optional**; students and guests are not required to wear a face mask while in Edgez Dance. Of course, if it is the parent/guardian's choice, our students are allowed and encouraged to wear masks. Edgez Dance staff can not/will not require students to remove masks this is a decision that will be left to a student's parent/guardian.
- **Should the community levels rise again, Edgez Dance will align with the guidance for those levels including re-introducing mask requirements.**

In line with CDC guidance, "COVID-19 Community Levels are a new tool to help communities decide what prevention steps to take based on the latest data. Levels can be low, medium, or high and are determined by looking at hospital beds being used, hospital admissions, and the total number of new COVID-19 cases in an area." This tool provides safety guidelines based on the severity of COVID-19 in each county.

Edgez Dance will be looking at our county levels periodically to ensure the safety of our dance family. Until further notice, we will be using the community level provided in this tool to determine the requirements for masking at the studio.
