

Seaham Jet Ski Club

We would like to invite Jet Ski enthusiasts across the North East to come and join us at the recently formed Seaham Jet Ski Club based at Seaham's new multi million pound marina development in the town's North Dock. The marina management have presented us with a marvellous base for the Jet Ski Club and membership is growing as people begin to realise the benefits of being actively involved in an organisation that will continue to promote the very best practice on the water. We are also actively looking to raise funds to enable us to continue to upgrade the facilities on offer for the benefit of our members (Drive on PWC Docks ect) .

Membership of the club allows you to launch from the marina all year round for a fixed price and will give you the opportunity to take part in a variety of club functions including days out to the Lake District as well as to other popular North East coastal venues where other Jet Ski clubs are based. We will also be promoting the art of fishing from your jet ski—a pastime that has already reaped some excellent catches for members.

The growing popularity of Jet Skiing is due both to the "ride ability" of the machines and the fact that this is a comparatively safe water sport that is widely enjoyed by those who not only love being in the water but also find speed thrilling. Having the best possible facilities also helps and at Seaham you will certainly find everything you need to enjoy a wonderful experience.

Club Charges

Annual Fees

Sit-down Jet Skis..... £100

Stand-up Jet Skis £90

**For more information or to join the club, contact
Colin Hardy on 07900932076 or Gary Tonge on 07738867490**
