

IRS Form 990-N Electronic Filing System (e-Postcard) User Guide

Steps for using the Form 990-N Electronic Filing System (e-Postcard)

REMINDER

An organization cannot file Form 990-N until after the end of its **tax year**. For example:

- **Calendar Year Filers**

If your organization uses a calendar year (a year ending December 31) as its tax year, it must wait until January 1, the day following the end of its tax year, to file.

- **Fiscal Year Filers**

If your organization uses a fiscal year (a year ending on a date other than December 31) as its tax year, it must wait until the day following the end of its fiscal year to file.

The IRS determines the filing year using the beginning date of the organization's tax year.

NOTE: BEFORE FILING

If technical issues prevent you from registering or filing with the Form 990-N electronic filing system, try the suggestions below. If the problem still exists after trying all the suggestions below, contact IRS Customer Account Services at 877-829-5500 (a toll-free number).

Telephone assistance is also available for individuals with TTY equipment at 800-829-4059. Take the following steps to prevent problems during the registration and filing processes:

- **Do not use a smart phone or tablet to file your Form 990-N.**

- **Close multiple browsers when registering.**

Errors may occur if you have additional internet browsers open during the registration process. Please close other internet browser windows.

- **Use correct text characters when registering and filing.**

Ensure that you use only letters, numbers or a hyphen when entering text fields and limit your entries to 35 characters/spaces. These character limits do not apply to password fields. When choosing a password, use only letters, numbers and special characters except the caret (^).

- **If the suggestions above don't resolve the issue, sign out of the filing system (if logged in), close all programs and shut down your computer. Wait a minute, restart your computer and try again.**

This step is required before calling the Customer Account Services line (877-829-5500) for technical help.
