

OUR PHILOSOPHY:

Our mission as farmers is to provide a local, sustainable food source for you and your family, with our fresh, chemical-free fruits and vegetables.

Grown by us...Grown for you

Here on our family farm, we grow all of your foods in **certified organic**, rich, biologically-active soils. We practice sustainable farming practices using cover crops, minerals, and natural composts. All of our animals are free range and no antibiotics or hormones are used. Therefore, we produce the healthiest and highest quality foods for YOU & YOURS!

By joining our CSA, you are choosing to support your local economy and keep money circulating within Iowa.

You are supporting responsible farming practices that help to sustain the rich farmlands that we were blessed with in our great state of IOWA.

Most importantly, you are investing in the health of yourself and your family by consuming fresher fruits and vegetables!

“Invest in Your Health”

Thank you for supporting your local farmer!
