

GLUTEN FREE MIXES

Our Company

Our Motto: We believe that everyone should have the option to eat clean, pure, organic food that doesn't surrender taste!

My Grandpa's Farm is a family owned and operated business located in Menahga, MN. Our goal is to provide you with mixes that are organic, gluten free, preservative free, and made without fillers or additives.

Our name comes from the fact that we live on our Grandpa's Farm that has been in the family for generations. My Grandpa's Farm was and is a place that is clean and pure, and so our company is named after it. We have been in business since 2012, and look forward to the opportunity to bring healthier choices to people who care about what they eat.
