Winter Greens Walk

Saturday, January 25, 2020

1:00pm-2:00pm

Meet at visitor center

Join a DCR interpreter for a fun and frosty trek exploring our winter trees, shrubs, and groundcover (if they're not covered by snow!). We'll take a hike through the forest, near wetlands, and along a field to learn about Borderland State Park's winter greens. Meet at the Visitor Center. For adults and children 8+. Please dress for the weather, wear sturdy winter footwear, and bring drinking water. Weather and ground conditions will determine route. Rain, snow, icy trails, or heavy winds will cancel. Call (508) 238-6566 for more information or for weather cancellation.
