Re: Barnard Bridge Repair Project
O.D.O.T. Project # 29980

Just a short note to thank you for a job well done on the recently completed Barnard Bridge Repair Project. Through-out the construction your crews demonstrated their commitment in providing a quality product. The project proceeded smoothly and efficiently, and when there were problems or questions you were proactive in engaging the engineer of record to find a practical solution.

The performance of Greg Ross as job superintendant was exceptional, paying attention to detail while coordinating all aspects of the work.

Sincerely,

A handwritten signature in black ink, appearing to read "Chuck Lemos".

Chuck Lemos
Project Manager
