

2016 PSA Raffle Winner's Charter Trip

Charter boat fishing trip on the 'Bite Me' with Captain Ron was a great experience. One member of our party had been charter boat fishing before, but today, three others in our group would experience the big waters of Lake Michigan from Pentwater Municipal Marina.

We left before dawn and the weather was nice and dry but getting out to where the deep water was a sign of what was yet to come.

The Bite Me crew greeted us enthusiastically knowing the salmon were running!

As we made our way out lines were set and within 25 minutes we had our first fish! Before we knew it we had four fish in the boat. As the sun came up the lake was not so nice to a couple members in our party. Seasickness had set in as we made our way along the shoreline. Captain Ron and crew must see this a lot?!

Unfortunately, our trip was cut short due to bad weather moving across the lake. Instead of being out all morning, we had to head back before lunch.

Even with the short trip we were able to land 7 really nice salmon. Back at the boat slip, Captain Ron showed off his filet skills and cleaned all of our fish in no time at all. It was a successful day of fishing!
