

Hello Welcome to Veritas Nursing Academy!!

This is your first nursing task check list. The following information is what you need to know and/or may need to do to ensure that you are prepared for matriculation success.

## REQUIRED DOCUMENTS

Students will need to submit the following documents by nursing orientation date:

### Enrollment Documents:

- Application/Student Enrollment Checklist
- Government Issued Photo Identification
- Social Security Card

### Waivers:

- Emergency Contact Information
- Authorization of Release of Information and Waiver of Liability for Employment References Form
- Limited Photograph/Video Use in Social Media
- Rules Acknowledge Form

### Clinical Documents:

- CPR Card\*- Must be through American Heart Association.
- Physical\*- Valid for 1 year from date.
- TB\*- PPD valid for year, X-ray valid for 5 years.
- Immunizations (Titers)- If you have not had MMR and varicella titers in the past 7 years, you must have titers drawn to prove immunity is still present. (This is a hospital requirement- it shows the hospitals that you have built antibodies to measles, mumps, and rubella [MMR] and varicella [this is what causes chicken pox and shingles]). Your blood is drawn to prove antibody formation.
- Hepatitis B or signed declination waiver- This is a series of 3 immunizations. More healthcare workers accidentally get this blood borne disease than HIV in the workplace, so it is important to protect your liver and yourself.
- Flu- Needed for some hospitals. Influenza waiver may be necessary for certain hospitals. If the student declines the flu shot, they must wear a mask for all 8-12 hours of clinical.

## ONCE YOU ENROLL....

- Black top and bottom scrubs must be purchased before start date
- Level 2 Background check through: A-Tampa Live-scan Fingerprinting
