SCHOLARSHIP APPLICATION PROCEDURES ADVENTURES IN SPACE SUMMER CAMP

Program Description

Each year, Challenger receives donations from individuals, companies and organizations to send underprivileged youth to Summer Camp. This STEM-based summer space camp provides children with an experience they will cherish forever. Funding comes from many generous individual donors.

Instructions for Applying

To apply for a Summer Camp Scholarship, please submit the following to Challenger:

- A letter from the child's parent/guardian describing
 - the child's interest in the camp
 - a statement as to why the child is in need of the scholarship
 - what camp dates the child prefers (cannot guarantee placement based on demand, but we will try to accommodate as best we can)
- A completed 2018 Adventures In Space Summer Camp Application
- A letter of recommendation from a teacher or mentor (optional)

Submit to the address below, ATTN: Jon Van de Water. Or, email to jvandewater@azchallenger.net .

Applicants are encouraged to apply before the deadline, as the number of scholarships are limited and are filled on a first-come-first-served basis.

We hope that your child can join us for an out-of-this-world camp experience this year!

Sincerely,
Challenger Camp Management Team
