New Minute Man EZ Joice Brace

1. This brace is ideal for supporting sticky doors and windows, heavy pianos, fish tanks, and water beds.
2. One size fits most homes.
3. Will not bend I-beams or split rim joist like outriggers can do.
4. Braces from the ground up to the rim joist for stronger and more stable support under the home.

DOOR SWING

Our "Door Swing" is determined by standing on the outside of the home and noting which side the hinges are located.

DOOR SIZE

Door size is determined by measuring the actual door size.

ORDERING YOUR DOOR

To order a door with no window, put a BL at the end of the door number you need.

To order a door with a window, put the corresponding letters (TL or 9LIN for example) at the end of the door number you need.

DOOR SIZE

Door Size is determined by opening the door and measuring the inside of the aluminum frame which the door shuts into. We are looking for the rough-opening measurement.

DOOR SWING

Door swing is determined by standing outside the home and noting which side the hinges are on.

SPECIAL ORDER DOORS

Any size available

All special order door sales are to be prepaid and final. There is no return on these doors.

Special order doors take 1 to 3 weeks .
