**9 mm 50 rounds**

**Oct. 7, 2-7 pm Range Maintenance**

**Oct. 11, 1:00-5 pm Club Officer Shoot**

Complete details on these events and other can be found on the Club calendar online.

**Halloween & Turkey Shoots:** Jack needs a commitment of at least 10 shooters for each of these shoots. It is a big job and expense to put these two shoots on each year. If you can commit to one or both of these shoots, please email Jack at [jpzanger@suddenlink.net](mailto:jpzanger@suddenlink.net) as soon as possible.

**Texas Law Shield Seminar:** Information is attached for a seminar in Amarillo on Oct. 9<sup>th</sup>. They will cover a lot of topics concerning gun laws, when you can use your firearm, etc. More info at: [www.texaslawshield.com](http://www.texaslawshield.com)

**ELECTIONS:** Nominees are as follows:

**President** John Spivey

**VP Operations** Bill Cooper

**Secretary** Sharon Grahs

**Membership** Sandy Blake

**There were no nominations from the floor. The Election will take place at the October meetings. Results will be announced at the November meetings.**

**SAFETY:** John showed a backer board where the target had been placed near the bottom. As result of this lower target, shots would be aimed in a downward motion, causing them to hit the floor. Keep your targets in the center of the backer board.

**LEAD PIT CLEANOUT:** Our lead pit cleanout crew is retiring. We need a one-year commitment once a month from 2-3 people. You get to keep the lead and sell it, if you wish. Contact John Spivey, if you are interested in taking this on. The Club has the equipment necessary, including safety gear.

**GUN GIVEAWAY:** John discussed the Club giving away two smaller, concealment-type guns next year, rather than one bigger, more expensive gun. A vote was taken at both meetings and the membership has voted on the 2-gun option.

**HELP NEEDED:** The Club is looking for a CPA within the Club to assist with year-end tax filings. Please contact John or Susan if you can help out.

## Separate Fact From Fiction

### **Gun Law For All**

If you own a gun, you need to know the basis of the law. Attend a class and discover practical application of the law in a fun-filled environment. Learn how to protect your rights, you may need them!

### **Basic Laws Every Gun Owner Needs to Know**

Learn everything else you need to know as a gun owner; where you can carry (with or without a license), when you can or can't possess a firearm, age requirements for purchase or possession, and much more. These topics cover the frequent, day to day issues you'll face as a gun owner, and will help set you further down the path to becoming an informed gun owner.

### **Law of Deadly Force**

When you can legally use deadly force is one of the most important legal topics, as it could very well mean the difference life or death (both inside and outside the legal system). Become a master of the murky concept of "reasonableness" in the legal context, understand what self-defense scenarios give you an automatic presumption of being reasonable, and see how a prosecutor will analyze your use of deadly force. Know exactly when the law allows you to pull the trigger, because if you're ever in a life or death situation you don't need to be guessing if your choices are legal or not.

### **The Castle Doctrine, Stand Your Ground & Make My Day Laws**

Discover the protections the Castle Doctrine, Stand Your Ground and Make My Day Laws offer to lawful gun owners in your state. These are some of the most important laws defending justified shootings, and is information every gun owner needs to know.

### **Dealing with a Difficult Police Officer**

As a gun owner, be prepared should you ever have an encounter with a police officer. Make sure you know what your rights are, because you don't know if the police officer will. Hear how to interact with law enforcement, personally from experienced law enforcement, how to interact with them when you're carrying your gun.

### **Law of Police Search & Seizure**

Many citizens unknowingly surrender many of their hard-fought for rights when they interact with police. This class will teach you exactly when the police can search property (with or without your permission), what the law requires before you are detained or arrested, and when you can simply walk away! Become knowledgeable about the law of search and seizure and what rights you have under the 4th Amendment, because rights not exercised are soon to be lost!
