

Josh's Sno Cone Shack!

Jaidyn and Gracie went to visit Josh's Sno Cone Shack.

There were 8 yummy snow cones at Josh's.

Roll the dice to find out how many snow cones they put in their box.

- Record what happens: $8 - 3$ makes 5 cones left at Josh's Sno Cone Shack
- Prove it! $8 - 3 = 5$ because $5 + 3 = 8$
