### About these sessions

We are pleased to be able to offer safe and fully instructed sessions for children as young as 6 at our training unit in Royston.

All sessions include full instruction on the safe use of tools, tool care and are led by fully qualified instructors.

By booking your children a BuildTrain family event you can guarantee they have fun in a safe and secure environment. A parent or accompanying adult must be in attendance at all times and must be willing to get their hands dirty.
