Wattle Tree Family Day Care Services.

We offer affordable, high standard Home Based Care in the City of Casey and surroundings areas. Qualified Early Childhood Educators holding a minimum Certificate III in Children's Services.

Hello Everyone,

Apologies for not uploading this Newsletter here before, as we have been emailing it to everyone we forgot to upload it here and thank you to those who have called to remind us to do so.

October-November on review. On Oct the 19th, we attended the first Early Years Twilight Seminar for 2016-2017. The "What, Why and How? Pedagogy with Very Young Children" was held at Bastow Institute of Educational Leadership

In the Seminar it was discussed the dimensions of good quality curriculum and pedagogy for children under three years. We'll be discussing this in a future meeting/training with all of you.

November the 9th saw us attending, the Department of Education and Training (DET) session of Emergency Management Planning for Early Childhood Services, every service needs to develop one to be prepared in the event of any natural disaster or any other serious event as we explained in detail in our last meeting.

Friday the 25th, Wattle Tree FDC attended the National Engagement Program delivered by Family Day Care Australia. We have also been networking with other services operating in other areas to discuss matters relating to our Family Day Care services operations.

At the moment we have a waiting list of parents needing care for the coming year, we ask again to all of you if you know anyone interested in becoming an Educator, please give us a call. Parents looking for immediate care we have referred them to other services in the area, other times our service has personally contacted other schemes on behalf of the parents to help them also.

Thank you, to all the prospective Educators that has been contacting us through our webpage and facebook page, our phone has been hot, we are very happy to answer all the questions. Keep on sending emails we love talking to you, no question is a silly question to us.

Our list of prospective Educators is growing at the moment, we are busy doing "Home Risk Assessments" and discussing programing, experiences to be offered and excursion to be attended with the children when care starts. As we have previously said the selection process can be very slow but, we can not give green light to any Educator until they are compliant in every aspect of the selection process, induction included.

We thank the Educators that have emailed us their updated certificates of First Aid and CPR on time before the expire dates, glad to know that our communication system is working well and it comes to show your commitment with the company policies and procedures.

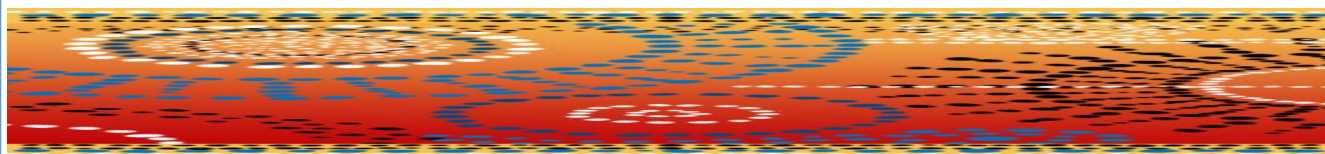

For those who have asked, we have parents waiting list in Carrum Downs, Cranbourne East and in Dandenong West we need Educators so, if you know anyone interested let us know. Thank you.

We once again ask you for some parents feedback to be sent to us please, in regard to the healthy lunch boxes tips and examples handed out by you. So far what we have seen is very promising so, we might come up with some other ideas for the future. For now have a think about it, your contribution has been quit relevant.

Talk to you all soon!

Peppi xxx

Wattle Tree FDC is committed to a Sustainable Environment for our children .... please consider the environment before printing this Newsletter.

We acknowledge that we are on the traditional land of the Bunurong and Wurundjeri People and pay respect to all elders past and present.
