## The Acacia

DB Builders, Inc.  
ROC#220181

Customize it  
just for You.

**2-Br, 2-Ba Integrated RV Garage**  
**1,075 Sq.Ft. Living**  
**840 Sq.Ft. Garage**

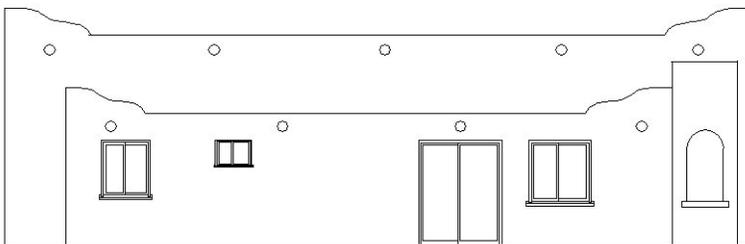

**The Acacia**  
**\$218,490\***  
**Lot/Home Package**

Comfortable living with ample space to spread out and enjoy being off the road. Plenty of room, too, for friends and family to gather.

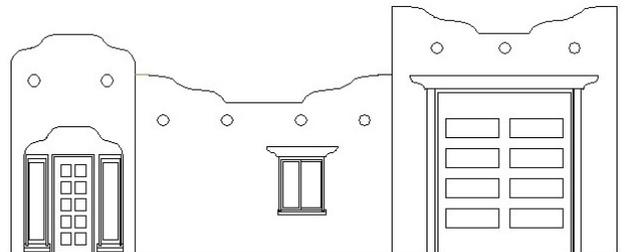

Spacious RV garage is 50ft. long and 16ft. wide - room for a workshop at the end, and/or a loft for double the storage.

***Best resale potential***

A smart floor plan with custom design elements throughout, featuring the same rich interior and exterior construction that the Berkey Series is known for, makes this a sensible investment any day of the week.

***"Comfortable and Functional"***

\* Pricing, floor plan specifications, and availability are subject to change. The Acacia model is conceptual only. Acacia plan may not fit on every lot. All dimensions and specifications are preliminary. Please speak with a sales representative or with the builder for the most current information.

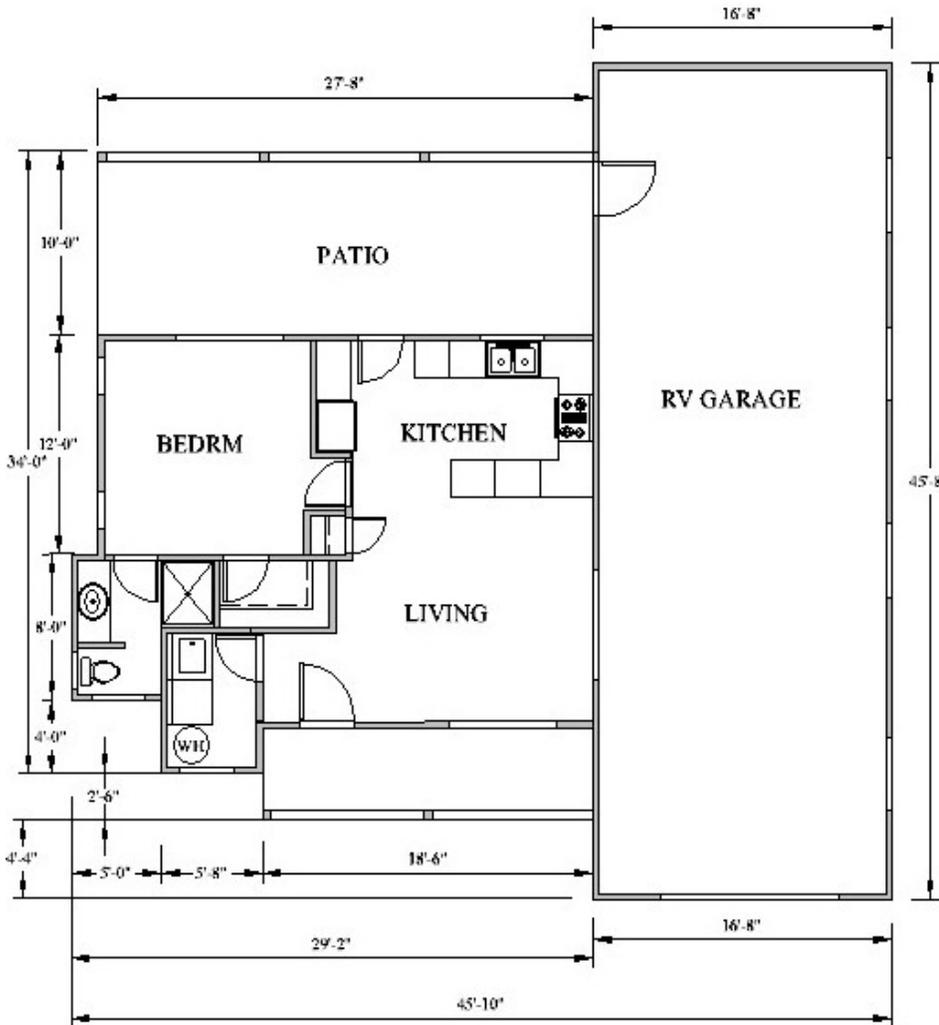

# BERKEY SERIES

## The Cholla

DB Builders, Inc.  
ROC#220181

Customize it  
just for You.

**1-Br, 1-Ba Integrated RV Garage**  
**627 Sq.Ft. Living**  
**766 Sq.Ft. Garage**

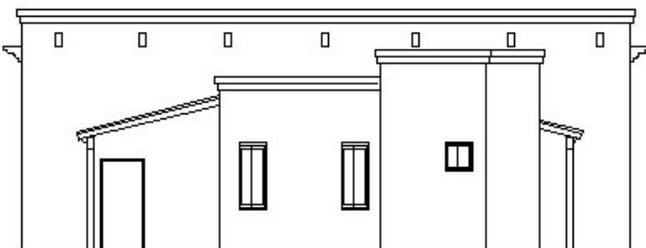

**The Cholla**  
**\$202,500\***  
**Lot/Home Package**

Look at the large patio area for friends and family to gather together for a barbecue (kitchen stub-outs included), and the kitchen and living area with plenty of room to be completely comfortable.

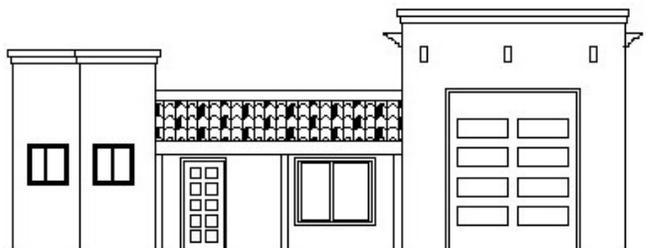

The swamp-cooled RV garage has a 6 ft. wide entry into the living area and is a spacious 45ft. long and 16ft. wide, with 16ft. of height...room for a work bench at the end.

A smart floor plan with custom design elements throughout, featuring the same rich interior and exterior construction that the Berkey Series is known for, makes this a sensible investment, especially today.

It's comfortable living with the RVer in mind
