The use of pre and post waxing care products is essential to ensure a successful and relaxing Cirepil service.

Each Perron Rigot product offered is formulated with its own special properties. Choose products to cleanse, condition, hydrate, as well as reduce hair growth and prevent ingrown hairs.

1. **Before** waxing, products are designed to cleanse, condition, and prepare the skin.
2. **After** care products treat and moisturize the skin for client comfort and perfect results.

Double Gommage Scrub

- **Dual-action** chemical and mechanical exfoliation
- For use between waxing to **prevent ingrown hairs**
- For clean and **efficient waxing**
- Should be used by customers **48 hours before waxing**

Available: 150 Professional and Retail
