

Suzi (Collins) Milius is a 1986 Graduate of Brentwood High School and a lifetime resident. She remained in the borough after marrying her husband Steve, and they are raising their four children, Steven, Kimberly, Shannon and Nicholas.

Suzi is well known in Brentwood as “Mrs. Milius”. She has been a Paraprofessional at Elroy Elementary for the past 18 years, working with children with special needs. She also was the Director for the Brentwood Day Camp program for 10 years. Her love for working with special needs children has helped many families in Brentwood, and has given her great joy.

In January, Suzi was diagnosed with Melanoma, which has spread to her lungs. She is currently doing treatment to shrink the mass that is in her chest and will eventually undergo extensive surgery to remove. She is surrounded by the love and prayers of her family, friends and the community.

With great optimism “Mrs. Milius” is hoping to be back in her classrooms doing what she loves soon, and with the help of her treatments and her resilience she is sure she will beat this cancer.
