

# 2018 REGIONAL SCHEDULE

## **BASIC RIDER COURSE UPDATED - WEB ENHANCED (BRCU)**

**Requirements:** must have a valid email address on file with the College. Must complete the online eCourse prior to your class start date and bring the completion certificate to the first class session. Link to the eCourse will be distributed by the College via email at least 1 week prior to the start date of your class. If you have not received an email by this time, please contact the College.

This class consists of approximately 18 hours of instruction – 3 hours of online preparation to be completed prior to your class start date, 5 hours of classroom instruction, and 10 hours of hands-on training. Designed for someone who has minimal experience operating a motorcycle, this course focuses on the development of basic riding skills: clutch and throttle coordination, straight-line riding, braking, turning, and shifting. Successful completion allows a student to waive the Secretary of State written & riding skills test. This course is offered in different formats: one (1) weekend, weekday, and weeknight.

**Prerequisite:** *ability to ride a bicycle.*

## **BASIC RIDER COURSE 2 UPDATED (BRC2U) - FOR EXPERIENCED RIDERS**

Course meets from 8am-6pm. This one day course is designed for the experienced, but unendorsed rider to become licensed and legal, or for already endorsed riders to refresh and improve their skills. This course is NOT designed for beginning riders. Students must demonstrate competency with basic operational skills and pass the Level 1 written test during the screening exercises in order to continue in the course. If it's determined a rider needs additional skill development before proceeding, the rider will be referred to the Basic Rider Course (no refunds; no transfers). Topics include: speed control, braking & stopping, counter steering, cornering, hazard avoidance and other techniques necessary for the experienced rider to operate a motorcycle skillfully and safely. Each student must provide their own motorcycle and riding gear. Sharing is not allowed. Scooters will be allowed in this course. The cycle must be titled, properly registered, and display a valid license plate. Each student must provide proof of insurance and the bike must pass a safety inspection. Successful completion allows a student to waive the Secretary of State written and riding skills tests.

**Prerequisite:** *ability to ride a bicycle.*

## **ADVANCED RIDER COURSE UPDATED (ARCU)**

This one day course is designed for licensed, experienced riders who have a cycle endorsement to enhance their basic skills and help with personal risk assessment. Interactive classroom activities to improve perception and hazard awareness are combined with range exercises which enhance both basic skills and crash avoidance skills. You will learn to improve braking and cornering finesse. It is the public version of the Military Sport Bike Rider Course. Each student must provide their own motorcycle. Sharing is not allowed. The cycle must be titled, properly registered, and display a valid license plate. Each student must provide proof of insurance and the bike must pass a safety inspection.

## **3-WHEEL BASIC RIDER COURSE UPDATED (3WBRCU)**

If you have minimal experience or are unlicensed operating a three-wheel motorcycle, this course is for you. Develop your basic riding skills as you learn proper turning, shifting and braking. You have approximately 18-20 hours of instruction in one (1) weekend or one week: eight (8) hours in the classroom and eight to ten (8-10) on the range. Three-wheel motorcycles will be provided. Sharing may be required. Successful completion allows a student to waive the Secretary of State written & riding skills test.
