**REPEAL OF BOIL WATER NOTICE
TO
THE RESIDENTS OF TOWN OF SUMMERTON
GOAT ISLAND**

DECEMBER 16, 2021

The Town of Summerton advises the residents located at the Goat Island Community, that they no longer need to boil their water prior to drinking or cooking. Following disinfection and an intense flushing of the distribution system, bacteriological samples were collected by Water Systems, Inc. from the drinking water system serving the Goat Island Community. The results of this sampling indicated that the system is now safe to use for drinking and cooking purposes. If you should have any questions concerning this repeal of the Boil Notice, you may call the Town of Summerton.
