

What the Nebraska Respite Network has done for others...

Success Stories

Families using respite services share:

Respite offers hope.

“Some days are really tough, but I know my respite provider will be here soon and I can make it until then.”

Respite helps families stay together longer.

“Respite has been a life-saver! I don’t know what I would do without it.”

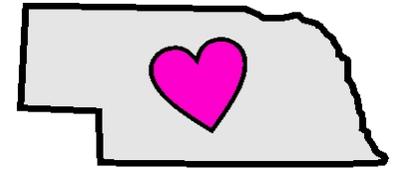

Respite reduces the risk of abuse and neglect.

“Life is stressful. We all say and do things we regret when things get tough. Respite helps me be a much better mom. It is a wonderful, wonderful thing.”

Respite Provides Hope and Relief For Families

WHAT IS RESPITE?

Respite allows the family caregiver an opportunity to have time to do what is needed to take care of themselves.

For Example:

- Go to the grocery store
- Visit their doctor
- Have lunch with a friend
- Attend church or school function
- Take a nap
- Go out of town for a few days
- Just relax, knowing the person you take care of is not alone!

WHAT IS THE NEBRASKA RESPITE NETWORK?

The Nebraska Respite Network consists of six sites statewide that collect information and coordinate respite resources.

We are the one place to call for all of your respite needs.

AM I A CAREGIVER?

A caregiver is a person who cares for someone who has a long-term or lifelong physical or psychological challenge. If your loved one cannot be left alone due to their disability, we can help.

WHO PROVIDES RESPITE?

Respite can occur in many different ways and places depending on the needs of the caregiver and the person they are caring for.

We can provide you with a list of respite providers in your area who have completed background checks.

You can select a neighbor, friend, or relative to be your provider also.

Adult day care or child care facilities can also provide respite.

Long term care facilities can provide respite.

Having your loved one attend a camp can provide respite.

Respite is based on your individual needs and what is available in your area.
