

The Mortgage Bankers Association of Mississippi is the State's oldest association representing the real estate finance industry.

Founded in 1954 and headquartered in the Capitol City, MBAM works to:

- Promote the welfare of the mortgage lending industry and related service providers in Mississippi and to improve its service to the community.
- Ensure the continued strength of our state's residential real estate markets by making sure mortgage banking interests are represented at every level of government.
- Encourage among its members sound ethical business practices in the origination and servicing of real estate mortgage loans.
- Provide a forum for new ideas related to the industry.
- Expand homeownership prospects through increased affordability and extending access to affordable housing to all Mississippians.
- Provide a platform from which members of the mortgage lending industry can express their views on practices and legislation affecting the industry.
- Advocate the position of mortgage bankers at the state and local decision making levels including providing lobbying efforts and grassroots support.

Your Legislative Resource

The MBAM has protected the profitability of Mississippi lenders for over 50 years. The association uses a portion of membership dues to lobby state and federal legislators on behalf of the mortgage lending industry. The MBAM has established relationships with key political figures and has a presence in the Capitol building. During session, the organization monitors all issues on a state and federal level and keeps its members abreast of the changes in legislation occurring that can affect this industry.

Your Information Resource

- Online resources at our website www.msmortgagebankers.org
- Regular emails on industry news and data
- A staff eager to assist and answer questions

Your Networking Resource

MBAM helps you build professional relationships that keep you in touch and in the lead. MBAM offers conferences, workshops, and educational programs addressing Mississippi issues that affect your organization. MBAM provides social activities such as business after-hours events and monthly luncheons.

Your Community Resource

MBAM collaborates with public and private agencies to strengthen the economic base of the community. MBAM also teams up with government funding agencies actively coordinating their programs and resources with our association.

Your Resources Make Things Happen

You can help shape the future of MBAM through committee participation:

- Legislative
- Convention/Conference
- Housing
- Education
- Membership

Members receive the following benefits:

Attendance at the annual convention and other events at a reduced, members-only rate, updates on all relevant legislative issues during the session, networking opportunities and more!

Join us today. Complete the application or call the MBAM office for more information.
