

Identifying your students at CKTSA

This year we will identify your students for EACH event using your Chapter ID and then a number after designating that student, but not identify their school to the judges. Please keep in mind the order you registered may be different for each event. For example a student who was registered for CAD may be (chapter ID – 1), but the same students in Dragster may be (chapter ID – 4). Please see the attached registration. They will need a piece of tape with this number on anything they submit, and remember the number may be different for the same student who is in multiple events.

Please use your Chapter ID (listed below) and then a (-) dash 1, 2, 3 for each entry you have in that event. See examples below. Attached is the most recent list for each event.

Please numbers your individual students or teams in the same order that appears on the registration document included in the email. If you need a copy please email mark.harrell@education.ky.gov.
