

FOREWARD

The Michigan Ropers' Association, Inc., was founded with the purpose of preserving the art and skill of handling stock by means of a lariat or rope while on horseback.

It is our aim to advance the sport to a well organized and equally well conducted contest that everyone can enjoy.

With this thought in mind we have endeavored to maintain this organization on a high level of respectability, honesty and integrity. By so doing we feel we will lend valuable assistance to horse show and rodeo committees desiring to put on a high caliber show.

It is also our purpose to insure every contestant desiring to rope in a contest a fair and equal chance. Therefore a uniform set of rules and regulations governing a roping event was considered necessary.

The rules printed on the following pages were formulated over a period of several years and have been found to be practical and applicable for both contestants and show management. Full cooperation is expected from all members.

 - d. The mistreatment of stock and/or mounts.
 - e. Refusing to contest for an animal drawn for him.
 - f. Cheating or attempting to cheat.
 - g. Does not make an honest effort while competing in the contest arena.

ARTICLE VI

REPEALS AND AMENDMENTS

Any by-laws or rules may be repealed, modified or amended and laws may be adopted at a general meeting of the membership of this association.

Proposed rule changes must be published three (3) months prior to voting to becoming a rule. (Passed on August 30, 2008)

GENERAL RULES

It is recommended that the Barrier, Chutes, Ground condition, and general layout, including calves and steers be inspected by a committee of three (3) M.R.A. members before the roping starts and that the ropers and the judges be informed of any unusual conditions.

1. Time limit on all calf roping is 30 seconds total excluding penalties, Youth 60 seconds. Time limit for Team Roping is 30 seconds total excluding penalties.
2. A ten (10) second penalty will be added to the roper's time for breaking or beating the barrier. A broken barrier shall include the broken barrier string or the broken barrier itself.
3. A barrier will not be considered broken unless the ring drops within ten (10) feet of the post.
4. A malfunction of the barrier and the roper shall take his calf or steer over.
5. The barrier judge shall rule on the broken barrier.
6. The barrier judge and flag judge must be active M.R.A. members.
 - a. Judges for the jackpots will be determined by the person hosting the jackpot.
7. Any roped calf or steer that enters the catch pen disqualifies the contestants and no time will be allowed.
8. Contestants must receive no assistance of any kind from the outside. (Exception: Youth Tie Down)
9. Timers shall be stationed in a neutral zone or announcers stand. The time recorded is measured from barrier flag activation,

- to the drop of the flag from the field judge; then any penalties are added if applicable. There shall be at least two (2) timers.
10. It is the responsibility of the jackpot secretary to report the complete results of the jackpot to the M.R.A. secretary, along with M.R.A. money, no later than seven (7) days from the completion of the jackpot, or be subject to a \$50.00 fine. *(These results must be on approved completed MRA Results Sheets, along with worksheets and/or cards.)*
 11. A current M.R.A. rating list is required to be posted and/or made available to contestants at time of entry.
 12. Team ropers must note their rating number and their partners, on their entry sheets for numbered classes.
 13. The field judge's decision shall be final in all matters of dispute arising from a roping event.
 14. Protests must be filed in writing to the Secretary-Treasurer within 72 hours after completion of the roping event.
 15. The champions will be honored at the annual banquet with awards determined by the Board of Directors.
 - a. The Sportsman of the Year shall receive an award. The Board of Directors will determine the recipient of the award, from the nominations sent in by the membership to the secretary before the banquet.
 16. The following may be awarded when deemed necessary:
 - a. Hard Luck Roper
 - b. Most Improved Roper
 - c. Rookie of the Year
 17. The board of directors shall decide the Secretary-Treasurer salary. The Secretary-Treasurer may buy a subscription to the I.P.R.A. and P.R.C.A. official publications.
 18. There will be a \$1.50 office charge for each "A/Open", "B/Novice", "C/Intermediate" run per go-round to be placed in the M.R.A. treasury. This also applies to added money ropings.
 19. There will be a minimum of \$5.00 in the Open Team Roping Division, and \$3.00 in the #9 and #6 Point Team Roping divisions, per team to be placed in the M.R.A. treasury. There will also be a minimum of \$1.50 per entry in the Novice Division to be placed in the M.R.A. treasury. This also applies to added money ropings.
 20. A section of roping may be offered for experienced ropers (40 years and over) at any jackpot if desired.
 21. A section of roping may be offered for Ladies, at any jackpot if desired. Points will be accumulated and a donated award may be given.
 22. No points or State Finals Positions will be given at any jackpots, unless the jackpot is published in the bulletin. A fifty dollar (\$50.00) fine will be assessed to anyone changing their roping from the way it appears in the bulletin. Flyers mailed to members for late scheduled jackpots will be at the expense of the person who schedules the jackpot. Approved Association Rodeos need not be published in the bulletin to receive points.
 23. Only members of the M.R.A. shall rope at M.R.A. approved shows, or upon the purchase of a permit and the receipt of a duly signed "Waiver and Liability Release".

M.R.A. APPROVED JACKPOTS

Approval

1. The Office and Board of Directors will evaluate and review requests for approved ropings.
 - a. The Board of Directors will meet with the stock contractors to determine the year's approved roping schedule.
 - b. The group will work out the dates of requested ropings, using guidelines of equal rotation. A draw for dates may be used.
2. Only two (2) M.R.A. jackpots will be allowed in the same arena per month; on the same weekend or on the same day.
 - a. >From November 1st to April 30th, an additional two (2) jackpots will be allowed in the same arena, provided there are open dates that month, and the open dates are published prior to the bookings. Any open dates can be taken, by any member in the winter, regardless of how many ropings are held in the same arena per month.
3. The M.R.A. will allow jackpots to be held at any time, regardless of Rodeo schedules.
4. Jackpots should not be approved on a normal weekday, Monday through Friday, unless for a special exception.
5. One (1) roping per weekend, that was the first to be scheduled and approved, cannot have the approval revoked due to a request for a roping from a 2nd individual, even in the event of money being added to the 2nd roping. The 2nd persons request for a roping will be considered an open event, with no MRA points awarded. April 30th through October 30th.
6. M.R.A. will not approve an outdoor roping where M.R.A. members are charged a gate fee, unless a minimum of twenty-five dollars (\$25.00) is added to each of the Calf & Team Roping classes.
7. If an arena fee/any fee is to be charged to any member, the fee must be published in the bulletin prior to the roping/event.
8. All jackpot ropings are to have an open gate at the catch pen.
9. Jackpot ropings can be cancelled without prior notice due to inclement weather conditions. (extreme heat or cold, etc.)
10. To obtain points or State Finals Positions at any jackpot, there must be two (2) or more ropers or teams entered. Except in the youth events.

Payoff

1. At least fifty percent (50%) of the entry must be paid back to the contestant.
2. The average should pay twice the amount as the go-round.
3. The contractor will determine the payoff schedule. It must be published in the bulletin prior to the roping.
4. Calf Roping suggested payoff:

Go-round and average money winners for calf roping can be paid as follows:

1 - 5 ropers = 100%

- 6 - 7 ropers = 60% - 40%
- 8 - 12 ropers = 50% - 30% - 20%
- 13 or more ropers = 40% - 30% - 20% - 10%

If the payoff is different than this one, it shall be listed in the bulletin for each jackpot.

5. Team roping payoff:
 - a. Variations of suggested payoffs for Team Roping must be listed in the bulletin for each jackpot.

REQUIREMENTS FOR M.R.A. SHOW APPROVAL

The purpose of the Michigan Ropers' Association is to maintain a uniform set of rules and regulations at all shows meeting with their approval and to notify all M.R.A. members of approved shows. Events approved must be strictly on a contest basis and shall in every way be fair to each contestant entered in these events. Therefore the management must agree to the following rules:

1. Calves should be run from the chutes to the catch pen before show starts. The M.R.A. reserves the right to reject objectionable livestock.
2. All calves shall be numbered and chosen by lot. Results of the drawing will be posted in a conspicuous place or on the roping chutes.
3. The following officials are necessary for conducting a roping event: One (1) approved M.R.A. tie/field judge whose decision will be final on the roping event. Two (2) timer personnel, a barrier judge, and ample chute help.
4. A barrier and score line is required. Length of score line to depend on the condition and size of the arena, but not less than five (5) feet.
5. A livestock catch pen is required.
6. Chute/box in which to score horse is required and shall be wide enough to turn a horse in at least twelve (12) feet deep. Calf shall be released from LEFT side of the horse.
7. Calves or steers shall be released only on signal from the roper. In the event the animal is released too soon, the calf or steer shall be brought for rerun, at the conclusion of the go-round.
8. Members of the M.R.A. shall not be responsible in any way for injury or damage to livestock used in any roping event. A representative of the M.R.A. shall be allowed to inspect the layout and stock before the show begins.
9. All M.R.A. approved jackpots are to offer each division of calf roping and/or each division of team roping. The jackpots listed in the bulletin must list each division that is offered.

ARTICLE VII

M.R.A. FINALS

1. The Board of Directors will decide the details for the year-end Finals, to be held at the conclusion of the season.
2. The stock contractors and the association split the fee for the finals judges, \$25.00 per judge from the association and \$25.00 per judge from the contractor (\$50.00 judge fee).
3. In Calf Roping, Finals, Go-rounds and average points will count toward championships.
4. In Team Roping, Championship positions will be determined by the State Finals average results.
5. Finals Eligibility Guidelines:
 - a. Calf Roping - The top ten finishers in each division are eligible to compete in the Finals. Points will be doubled at the MRA Calf Roping Finals.
 - b. Team Roping – must have won a State Finals (SF) Position at a qualifying roping during the current season.
 1. A contestant is only allowed to enter twice per division.
 2. In the event that all qualified ropers are taken, you will be allowed to choose any current MRA member, in good standing, that has attended at least four (4) MRA sanctioned ropings.
 3. If an invited member is not rated, they will only be allowed to rope in the Open Division.
 4. A member must compete in at least four (4) events in a division, in the current year, to be eligible for a Finals Position in that division. (Passed on August 30, 2008)
6. Once you have called in for MRA State Finals, and then don't show up, the entry fee must still be paid.

CALF ROPING DIVISION

Points

The regular point season shall start the Wednesday following Labor Day and will end on Labor Day of the following year. The championship points for the year will be a total of the regular season points and points earned at the Finals.

1. Points toward the annual championships shall be awarded as follows:

Go-Rounds –

- 1st Place - receives 6 points for each roper in calf roping.
- 2nd Place – receives 5 points - ditto –
- 3rd Place – receives 4 points - ditto –
- 4th Place – receives 3 points - ditto –
- 5th Place – receives 2 points - ditto –
- 6th Place – receives 1 point - ditto –

Average –

- 1st Place - receives 12 points for each roper in calf roping.
- 2nd Place – receives 10 points - ditto –
- 3rd Place – receives 8 points - ditto –
- 4th Place – receives 6 points - ditto –
- 5th Place – receives 4 points - ditto –
- 6th Place – receives 2 point - ditto –

Exception: The Open Calf roping at jackpots are calculated at double the above rates.

- a. Rodeo Points: For the purpose of calculating M.R.A. points, points are to be given for the number of paid entries at a rodeo. If the rodeo pays six (6) places, then the M.R.A. will award points for six (6) places. If the rodeo pays for four (4) places, then the M.R.A. awards for four (4) places.
 - b. No ground money will be paid if there are one (1) or more qualified times. Ground money will be paid if there are no qualified times.
 - c. Champions in each division will be determined by the roper earning the greatest number of points. The year shall start the Wednesday following Labor Day and will end at the conclusion of the finals. Rodeo points are calculated from the day after Labor Day to the following Labor Day.
 - d. I.P.R.A., M.S.R.A., and P.R.C.A. will be M.R.A. approved associations. Shows held in Michigan, and approved by these associations will automatically be approved for points. All other rodeo/shows must be approved by the Board of Directors.
 - e. Any open rodeo must be approved by the M.R.A. office and must be published in the bulletin before points will be awarded.
- 2. Entry fees must be paid before stock is drawn.
 - 3. All calves or steers are to be numbered clearly.
When drawing for calves, the responsible person must announce when the draw is to be done. There must be two (2) people in attendance, including a contestant/director and a contractor/management person.
All steers may be chute run.
 - 4. Results of the drawing will be posted in a conspicuous place, on or near the roping chutes. Any arrangements as to setting up calves or steers in a certain section of a go-round will be made as in the past; however, this is understood to be an accommodation to the contestants. If any questions or dispute arise, the following rule will govern.
 - 5. Each contestant assumes the responsibility of knowing the number of the calf drawn for them, the section he ropes in and the order that the calf will be run in this section. Ropers must rope the calf or steer drawn for them. In the event the wrong calf or steer is turned out, no time will be given and the time will be taken on the correct calf or steer.
 - 6. Contestant shall be ready to rope when his name is called and will be given 30 seconds to enter the arena or forfeit his entry.
 - 7. Each calf roper contestant's horse, upon entering the arena to rope must be equipped with a strong suitable neck rope to prevent dragging or running off with a calf. Also, a back cinch is strongly recommended.
 - 8. Inhumane devices of restraint and/or punishment of the horse will not be tolerated by the M.R.A. in the contest arena and the roper may be subject to a disqualification.
 - 9. Once a roper has signaled for his time, there will be no working or cueing of his horse allowed, subject to disqualification for the day.
 - 10. A M.R.A. approved barrier shall be used in all calf roping and youth events. Calf or steer shall be released only on signal from the roper. In the event a calf or steer is released too soon, they shall be brought back for rerun at the conclusion of the go-round. If a calf or steer should "hang up" in the chute, or should not come out of the chute, for any reason, the roper must have his horse under control and remain behind the barrier until the gate is secured. In the event the horse comes through the barrier before the calf or steer crosses the score line, a broken barrier will be called and the usual ten (10) second penalty will be assessed.
 - 11. Catch as catch can. Must be a catch. Calf ropers will be permitted two (2) loops. If two ropes are carried and should the roper miss with both, he must retire and no time will be allowed. Roping the calf without releasing the loop from the hand is not permitted. Any roped calf or steer that enters the catch pen disqualifies the contestants and no time will be allowed. Calf roping contestants must adjust the rope and reins in a manner that will prevent the horse from dragging the calf. Contestants must receive no assistance of any kind from the outside. If the horse drags the calf, the flag judge may stop the horse and any penalty for such dragging will be a matter for local determination. When a roper busts a calf (calf hits over on spine) intentionally, in the opinion of the judges, the roper is disqualified. Ropes may be dallied or tied hard and fast,

either is permissible; contestants may dismount, go down the rope and throw calf by hand and cross and tie three (3) feet. If the calf is down when the roper reaches it, the calf must be let up on his feet and be thrown by hand. In the event a contestant is in doubt as to whether a calf is up or down, he will look to the tie judge for a yes or no signal to start tying the calf. If a roper's hand is on the calf when the calf falls, the calf is considered thrown by hand. The rope must hold the calf until the roper gets a hand on the calf. The tie must hold for five (5) seconds after the roper remounts his horse and allows the slack in the rope. If a tie comes loose or the calf gets to his feet before the tie has been ruled a fair one, the roper will be marked no time. Untie man must not touch calf until judge passes tie.

12. Calves must weigh at least 180 pounds in the calf roping events.
13. Tie must be completed with a half hitch or hooey.
14. Two (2) loops will be allowed if two (2) ropes are carried. (loop can not be rebuilt)
15. All ties shall be judged alike (such as flipping a calf over, or elapse of time.)

CLASS - NOVICE CALF ROPING CLASS - INTERMEDIATE CALF ROPING

"B" /Novice class roping was established as a division of the M.R.A. in 1967, "C"/Intermediate was established as a division of the M.R.A. in 1987 with rules and regulations as set forth:

For the purpose of clarification of divisions between previous terminology used and current terminology used - "A"=Open, "B"=Novice, "C"=Intermediate

1. The Intermediate division is for former Novice ropers that have advanced out of that division but are not ready to compete in the Open division.
2. *Any Novice roper who ropes (5) calves under fourteen (14) seconds in one (1) year will be advanced to the Intermediate section at the beginning of a new season.
 - a. The Board of Directors has the discretion to move any new member out of the Novice division if they feel the roper has proven to be capable of roping competitively with the Open/Intermediate ropers.
3. *Any Intermediate roper who ropes five (5) calves under twelve (12) seconds in one (1) year at any M.R.A. ropings, will be an Open roper at the beginning of the new season.
4. Novice or Intermediate class ropers can compete in any approved roping, rodeos, horse shows and in the Open division.
5. Any Novice or Intermediate ropers who choose to compete in the Open jackpots, or at a rodeo, will have any points earned awarded to the Open section. All Novice or Intermediate points will remain in the Novice or Intermediate class totals.
 - a. Novice or Intermediate ropers have the right to rope in the Open finals should they finish in the top ten (10) Open division of the same point year.
6. The points a Novice or Intermediate roper accumulates in the class they rope in, will remain in that class toward the Novice or Intermediate Championship, and will not carry over into any other division.
7. Any roper who advances to another division, then begins the accumulation of points from zero for that division.
8. Any established Open roper who feels that he no longer qualifies as an Open roper and wishes to be moved to another class roping shall:
 - a. Write a letter to the M.R.A. office with the request and reason to be moved to the different class.
 - b. The Board of Directors will take cognizance of the written request.
9. A contestant will be allowed to win the M.R.A. "B"/Novice or "C"/Intermediate Championship award only one (1) time and must have "B"/Novice or "C"/Intermediate displayed on their award, unless they are a youth.

YOUTH

1. There will be a Breakaway calf roping division offered for the youth. The age limit will be sixteen (16) and under for this division.
2. There will also be a Youth Tie Down division. The age limit for this division is eighteen (18) and under, boy or girl. Contestants in this division may also rope in any other M.R.A. roping division or at approved rodeos. Youth can only win the Youth Tie Down Championship one (1) time and must be a MRA card holder.
3. There will be a Junior and Senior Steer Stopping division offered for the youth. Senior is thirteen (13) and over. Junior is twelve (12) and under. Age to be determined as of the first Wednesday following Labor Day.
4. Cattle charge for the youth division will be determined by the individual stock contractors for the jackpots.
5. Payoff and points will be figured the same as the other calf roping divisions.
6. If only one person ropes in the youth division, the contestant still receives points.
7. We will honor all 4-H and high school cards as long as there is a completed/signed waiver form on file. *(Don't have to pay a Day Permit, but do not get MRA points if not a member.)*
8. Any boy age 9 and under, until the start of the season he turns 10, can "tie on" for the heeling end.
9. Stock Contractors may offer Youth/Ladies Breakaway Division without having to offer all the tie-down roping classes.

M.R.A. TEAM ROPING

Team roping was established as a division of the M.R.A. in 1980 with rules and regulations as set forth:

1. All MRA ropings will offer the current divisions for team roping. Open, 9 Pt, 6 Pt and Novice
 - a. Novice Division:
 1. Roper must be rated a #1 or #2
 2. Competition will be headers vs headers, heelers vs heelers.
 3. Non-competing partner's humber can be any rating.
 4. Only contestant pays entry fee. (non-competing partner does not pay)
 5. Payout is separate between headers and heelers, (total entries per side, not combined) 1-10 entries pays 1 hole, 11-20 entries pays 2 holes, etc. Example – 9 header entries pay 1 header hole; 12 heeler entries pay 2 heeler holes.
2. Both contestants must pay an entry fee.
 - a. All Team Ropings will be dally, unless the Board of Directors approve otherwise.
 - b. When making their entry for a numbered class, they must write their number and their partner's number on the entry sheet.
3. All Team Ropings shall use an electric eye barrier. In the absence of an electric eye barrier a rope barrier will be used. Slap stick or barrel judging is not allowed. The person/contractor hosting the team roping shall determine the barrier to be used.
4. If the flag or automatic barrier fails to work properly, the contestants will receive the stock over, whether the stock is caught or missed.
 - a. If the barrier equipment stops the steer, or turns the steer back, a decision by the judges will be determined if the stock is to be re-run.
5. Teams will have the privilege of selecting one individual to go into the arena as far as the score line, to prevent the steer from turning back.
 - a. This person must not come in physical contact with the steer nor throw any foreign objects at the steer under penalty of disqualification of the team.
6. There shall be two (2) or more time-keepers, a score line judge, a field judge and a qualified person to tie the jerk line around the steer's neck and feed the jerk line from the box and as many other officials as are deemed necessary.
 - a. No re-runs will be given due to the hanging of a horn or horns in the chute.
7. Ropers are permitted one (1) rope.
 - a. No re-runs shall be given due to default or breakage of the contestant's equipment.
8. If the field judge flags out a team that has loops coming, the team shall get a rerun.
9. Animal belongs to contestants after crossing line.
 - a. Exception: If the animal gets out of the arena, the flag will be dropped and the time will be stopped. The contestants will get the animal back, lap and tap, with the same head catch if the animal has been roped. Time will then start again and will be added to the time that the animal left arena.
 - b. The same rule would also apply if the handy horns come off the steer after he has been roped.
10. Contestants must hold dallies until the flagger passes catches.
 - a. Time will be taken when the steer is roped at both ends, with the horses facing the steer in an "L" or better, with both ropes tight and dallied, horses front feet on the ground. **No-Face Clarification:** "Standard M.R.A. Team Roping rules apply with the following clarification: Header must have legal head catch and must be in control of the steer when the heel rope comes tight. Heel horse must still be facing the steer. If a steer's front leg is in the heel loop when the Heeler dallies and the rope comes tight, it will be a no-time. Time is flagged when heel rope is dallied and comes tight."
 - b. No illegal catch will be determined until the flag judge drops the flag for the time.
11. Contestants are not allowed to change, by rubbing the rope over a horn or nose by hand, a bad catch to make it legal.
 - a. Loops may be changed by fishing only.
12. If a team is disqualified for unnecessary roughness of a steer, that team will not receive any more steers for the remainder of that roping.
13. If the flagman mistakenly flags a team without a dally, that time will be disregarded and a steer will be re-run.
14. A "DALLY": The rope must cross on the horn to form a 360 degree circle around the saddle horn.
15. If a roper gets hurt during the roping and can no longer compete, his entry fees will be refunded for the remainder of the runs that he would have to make in the go-rounds. Another roper cannot take his place in the team that has competed. Exception: In an "average" roping of three head or more, (non-progressive), including the Finals, the qualified roper may choose another eligible partner to finish the roping. The newly formed team will then compete for Go-Round money only, but will not be eligible for Average money or Championship.
16. Cross Fire- The header must have control of the steer's head and the steer's head must be bent before the heeler can legally deliver his or her rope. In other words, the heeler may rope the steer in the switch, but not before. In the instance where a steer sets up, at no fault of the roper, the heel loop can be thrown at any time once the header has control of the steer.
17. Allow all women who are heeling to tie on hard and fast. It is the roper's responsibility to inform their partner and the flagging judge of their roping status.
18. Allow all men, age 60 and over, who are heeling, to tie on hard and fast. (Passed on August 30, 2008) It is the roper's

responsibility to inform their partner and the flagging judge of their roping status. The grandfather clause is in effect for ropers who were allowed this status prior to April 1997.

19. It is illegal to dally over the top of a tied on rope or tie on devise. The result will be an automatic disqualification. (Passed on August 30, 2008)
20. When a rerun is given for a bad steer (drags, stops, etc.), the steer must be pulled for the rest of the roping.

Team Roping Championships

The Championship placing will be determined by the winner of a State Finals Roping for the current season. During the regular season a roper who has finished first in any of the four divisions Open, 9pt., 6pt. and Novice, will be awarded a State Finals (SF) position along with their winnings. That position entitles them to enter to rope in the State Finals with another roper that has also won a position during the regular season.

State Finals Roping Format- A Qualifier roping will be held for each division for M.R.A. members, offering MRA members one final opportunity to earn a State Finals position. Any MRA member that has roped in at least four ropings during the regular season is eligible to compete in the State Finals qualifier roping. After completion of the qualifier roping, the top 25% of the teams entered in the qualifier roping, will advance to the state finals to join the teams who have earned S.F. positions during the regular season sanctioned ropings. Entry fees of ropers advancing from qualifiers to State Finals will have their entry fees paid as part of their winnings in the qualifiers roping. Winners of the State Finals will be crowned M.R.A State Finals Champion.

1. No roper may use more than two State Finals positions in any one division. Once a Roper has earned two S.F. positions in a division, he/she may continue to compete in the division, but will only be competing for cash and prizes.
2. A roper who enters with a partner, who has already won two S.F positions in the division entered, will receive a S.F. position and will have to find a partner to fill the S.F. position.
3. If in the event you win more than two S.F. positions in one division and your team qualifies in a higher or lower division, you can take your S.F. position with you to another division that will also fit your number. (Also see Article VII, MRA Finals, 5, b., 4)
4. In the event that a member's classification changes during the year, he/she may compete in any division that fits their new number. (Also see Article VII, MRA Finals, 5, b., 4)
5. There will be one (1) State Finals Position awarded for every 75 teams entered per division. (1 to 75 = 1 SF Position, 76 to 150 = 2 SF Positions, etc.)

Team Roping Rating:

1. Team ropers will be rated as a header and heeler, using a number system defined in the current Team Roping Guidelines. These numbers will be used and added with their partner's number to give a value to the total team. This total team value will then be used to determine their eligibility to compete in the numbered classes that are offered.
2. The Board of Directors will use the current version of the Team Roping Rating Guidelines to rate each roper and assign them their current rating numbers.
3. The rating process is to be done once per year to re-evaluate all ropers on the current member list. This main process is to be done prior to the first jackpot roping of the year, whenever possible.
4. The rating of any roper can be changed at any time throughout the year.
5. A member can protest anyone's rating at any time. The members are encouraged to submit comments and suggestions regarding ropers' ratings to the M.R.A. office and to the Board of Directors at any time.

Team Roping Legal Catches:

For the catch to be legal, both ropers must be dallied and faced up.

Head Catches:

1. Around both horns.
2. Around the neck.
3. Around half the head, including one horn.

Heel Catches:

1. Any heel catch behind both shoulders is legal if the rope comes on from around the heels.
2. Dew claws catches are legal if the catch holds for flagger inspection.
3. For the catch to be legal, both ropers must be dallied and faced up.

Team Roping Disqualifications:

A contestant will be disqualified if he attempts in any way to tamper with the chutes or steers before, during or after a

performance.

1. Steers must be on their feet when roped by either end.
2. Failure to head the steer before heeling.
3. Illegal head catches.
4. Lost or broken rope.
5. If either contestant intentionally dismounts during the contest run, the team will be disqualified.
6. A front foot in the "HEEL" catch.
7. Unnecessary rough treatment of steers.

Team Roping Penalties:

1. The barrier will not be considered broken unless the ring drops within ten (10) feet of the post. There shall be a ten (10) second penalty for beating or breaking the barrier.
2. There will be a five (5) second penalty roping one (1) heel.

Team Roping Re-runs:

1. If the steer gets out of the arena, the flag judge is to stop the time and the contestants will get the same steer back, lap and tap, with ropers starting in chute with the time added to that time which they had when animal got out.
2. If handy horns come off a roped steer, same as above applies.
3. Stock must cross score line in front of flagman after leaving chute.
 - a. If stock does not cross line in front of flagman, stock will be brought back for re-run.

Team Roping Entries:

1. Cattle charges and entry fees must be published in the M.R.A. bulletin.
2. Both Header and Heeler must be M.R.A. members to rope, either by paid current year membership or by purchase of a day permit.
3. Rules may be changed with a majority decision of the Board of Directors, at any time during the year.

ALL-AROUND CHAMPIONSHIP

Points toward the All-Around Championship will be accumulated from the "A"/Open calf roping division, the Heading division and the Heeling division of the Open Team Roping. (*A roper must be in the Top 20 of all three Open Divisions*) Points will be given to the Top Twenty- (20) places in each of the above division standings, from twenty (20) to one (1). Twenty (20) points for first place, nineteen (19) for second, eighteen (18) for third, etc. The All-Around Champion will be honored.

M.R.A. RATING GUIDELINES 1998

TEAM ROPING: You should only judge ropers that you have seen rope at jackpots recently. Rodeos and practice pen should not be used as strongly in determining the roper's rating – because we are roping several rounds and under some pressure. The last round of a roping should be the most important. If there is a question on a Header, leave them lower; on a Heeler, move them up – they will hurt a roping more than a wrongly numbered header. Age and sex play a small part in your decision.

MRA Jackpots: All new-comers and unrated ropers are considered a No. 2 or higher, and can be changed only by the vote of the directors in presence. They may be re-evaluated and added to our list at a later time.

Our ropings are a Open, #9, #6, and Novice and we have to rate ropers so they have a fair chance to win, not dominate, and will be of benefit to all of us. This is to try to make ropings more fair and is not related to the USTRC numbers.

A fee of \$25 will be charged to appeal a rating. The fee will be doubled for every occurrence thereafter concerning the same issue. For instance, 1st appeal on John Doe's rating will be \$25. 2nd appeal on John Doe's rating will be \$50. 3rd appeal on John Doe's rating will be \$100, and so on. Upon the decision of the Board of Directors, if the rating is reversed the fee will be returned to the person filing the written appeal.

1 A new roper who is learning. Also includes ropers who are inexperienced roping this particular end. (i.e. – a heeler who does not head, a calf roper who does not team rope)

2 A roper who is now riding better and swings their rope more aggressively. Header: about half their catches will be neck catches; they are still inconsistent in handling of cattle. Heeler: catching their steers on a more regular basis; still rope most of their steers by one foot. Consideration is taken into account for what part of the arena they catch at.

3 Rides well and is putting runs together. Header will rope 5-7 steers out of 10; Heeler will rope 4-7 out of 10, catching half by two feet. Roper is positioned correctly most of the time. Roper will start to stand out at ropings but will still not dominate them. They will be in the last round of the ropings most of the time.

4 Header: catch about the same number of steers as a #3 (5-7 out of 10) but will catch most of them by the horns, rides the barrier well and handles cattle well. Heelers: rope more steers by two feet than the #3. These ropers will be in the last round of the ropings and also do well in lower level rodeos.

5 Header: catch 7-9 out of 10 and will rope almost all by two horns; handle cattle well. They ride barriers extremely well and will always be in the last round of the ropings. Heelers: catch approx. 7-9 out of 10 of their steers by two feet. These ropers will do well at the Pro rodeos.

6 Header: Able to control the speed of the run & handle cattle well. Will rope most steers in the upper 1/3 of the arena. Ride the barrier extremely well. Very consistent. Heeler: Catch most of their cattle by two feet. Usually in the right position to rope steers on the 3rd or 4th jump. Will most always be in the last round of the roping.

7 Header: Rides the barrier extremely well and able to reach and rope steers consistently. Handle both horse & steer well and able to make speed adjustments to the run as necessary. Heeler: Consistently in the correct position to rope the steer on the 2nd or 3rd jump. Has the ability to take time out of the run by his/her rope and horse handling skills.
