4. *Old Business:*

- Add Al's Snowmobile to page 6, paragraph 2, line 2 of the town plan draft.
- Phil shared printing quote from UPS Store. He is still waiting quote from Memphremagog Press and Burlington printer

5. *New Business:*

- Make the changes regarding the priority habitat blocks in hopes to get the revision ready for the August 6th SB meeting. If we cannot make the 6th we will have it ready for the 20th.
- In regards to the Questions at the end of the NVDA Email: These were questions posed by David Snedeker that we have not been able to get fully answered.
- The questions are on page 54, last two paragraph? ~~ We will remove the questions posed from the plan and work on answering them in the future.
- Town garage and gravel pit, page 55, last sentence on page ~~ We will remove the questions posed from the plan and work on answering them in the future.
- Coventry Town Foundation, page 56, end of second paragraph ~~ We will remove the questions posed from the plan and work on answering them in the future.
- Energy, page 64, first paragraph under heading ~~ The representatives on the VEC board are elected by the public on a district basis not per town. At this current time there is not a representative from Coventry on the board. (we will add this verbiage into the plan).
- Last question is energy planning -- the draft mentions Act 174, but I see no siting guidelines, and the plan is missing some elements for a "substantial deference" plan. That's fine for now. Can

we assume that you'll update the plan to meet substantial deference? ~~ Yes we will update the plan once we research the substantial deference in detail.
