In the event of a work related injury or illness, I request to be treated by my personal physician. I understand this designation must be made prior to the date of injury.

The physician I selected meets the following criteria.

- Within a reasonable geographical area from my residence or work location.
- A Licensed Physician pursuant to Chapter 5 of Division 2 of the Business and Professions Code.
- Previously directed my treatment and is my regular physician.
- Retains my treatment records including my medical history.
- Agrees prior to the injury to be designated as my physician in the event an industrial injury occurs.

I understand that if my employer does not offer non-occupational group health coverage in a health care service plan, group health plan or group health insurance policy I am not entitled to pre-designate a physician to treat me in the event of a work related injury. If my personal physician is not qualified to treat the injury or declines to provide treatment my employer will direct my treatment to an appropriate physician.

My personal physician must review and sign the enclosed criteria form with me submitting both completed forms prior to any date of injury in order for this pre-designation to be valid.
