EVENTS

INDIVIDUAL: OPEN UNISEX:

"A", "B," "C," & Women's Divisions
*Women may enter A, B, or C Division or the Women's Division. If fewer than 5 women enter the Women's Division, the Women's Division will be canceled and the shooters will have the option of competing in one of the unisex divisions or withdrawing.

5 PERSON TEAM:

"A," "B," & "C" Division
NOTE: Team rosters must be identified prior to the start of shooting.

"HIGH OVERALL" EVENT: "A," "B," "C," & Women's Divisions

NOTE: In the "High Over-All" event medals will be awarded in divisions "A," "B," "C," and Women's Divisions. (For the Women's High Overall the competitor must enter in the Women's Division for the individual events in Skeet, Sporting Clays and Trap.) These medals represent the best over-all performance in the 6 Individual Events in Trap, Skeet and Sporting Clays. To be eligible for this Award, the competitor must be entered into the 6 Individual Events and also be entered into this "HIGH OVERALL" category in Sporting Clays.

If fewer than 5 women enter the Women's Division in each, the Women's Division of High Overall will be canceled and the shooters will have the option of competing in one of the unisex divisions or withdrawing.

WPFGB ABRIDGED RULES - SPORTING CLAYS - Page 2

EQUIPMENT

Shotguns: All weapons will be provided by competitor. This is a twelve gauge event open to all guns of 12 gauge or smaller capable of firing 2 shots, using shot loads not exceeding one and one-eighth (1 1/8) ounces.

Ammunition: Meets FITASC/NSCA standards, provided by the competitor.

[NOTE: Reloaded ammunition is acceptable, provided it meets FITASC/NSCA specifications.]

SCHEDULING

Squadding of the individuals and teams will be done either the day before Sporting Clay competition, or with the WPFGB Director and Sporting Clay Coordinator at the Bracketing meeting. All members of a 5-person team will shoot together throughout the event. Individual shooters will be grouped together to form additional squads.

When a team is missing a shooter at their scheduled time, the team will be moved to the end of the squadding sheet. If, at this time the team is still missing a shooter, the team will be disqualified from the team event and the shooters who are present will be eligible only for the individual event.

All competitors should be on-site one hour prior to their scheduled time to help move the match on in an orderly and timely fashion.

CLASSIFICATION

Shooter classifications will generally follow the FITASC/NSCA guidelines for determining classification, with the exception that the WSPFG only offers three categories for competition, A, B, and C divisions.

Due to the challenges of offering Sporting Clays courses of fire with the similar degrees of difficulty from Games to Games the following guidelines will be used to classify shooters in the Sporting Clays event:

Competitors will be placed in these divisions based on the following criteria:

- Known ability – A competitor or team known to qualify for either A, B, or C Division based on witnessed past performance they will be placed according to that ability.
- Previous Games – If the competitor competed in the immediately previous WPFGB they will be assigned a classification based on their performance in that WPFGB.
- An FITASC/NSCA average of 80.0 or higher will shoot in A Division.

WPFG ABRIDGED RULES - SPORTING CLAYS - Page 3

- An FITASC/NSCA average between 65.0 and 79.99 will shoot in B Division.
- An FITASC/NSCA average of 64.99 or lower will shoot in C Division.
- Competing in a Higher Class - Any individual or team may elect, before firing, to compete in a higher classification than the one in which classified. Such individual or team must fire in such higher class throughout the tournament and not revert to earned classification for any event in that tournament.
- Classification Appeals - Any competitor or team having reason to believe that they are improperly classified may file an appeal with the WPFGF Director stating all essential facts. Any such appeals must be filed prior to the start of competition.
- Classification Protests - Any person or team who believes that another competitor has been improperly classified may file a protest with the WPFGF Director stating all essential facts. Any such protests must be filed prior to the start of competition.
- Competitors who do not have a current WPFG or FITASC/NSCA classification will be classified following the posting of all scores for the event. The top score will be considered 100%. All scores that are 85% of the top score or higher will be considered A Division. All scores less than 85% and 70% or higher of the high score will be considered B Division. All scores less than 70% of the high score will be considered C Division.

Team Classification:

Classification for team events shall be the combined average of team member's scores, carried to the second decimal place (i.e. - .95.25) and then divided by 5. Standard rounding procedures will be used to calculate the team's average. Calculate the average to 3 digits and rounding to the 2nd digit, and if the 3rd digit is greater than or equal to 5, then the 2nd digit will be rounded up.

High Overall:

The classifications for High Overall will be determined following the completing of the Sporting Clays event. The combined scores for the Skeet Singles, Skeet Doubles, 16 yard Trap, 22 yard Trap, and Trap Doubles events will be added to the cutoff scores for A, B, and C Divisions in Sporting Clays to determine the appropriate Divisions scores.

- A combined average for the Skeet Singles, Skeet Doubles, 16 yard Trap, 22 yard Trap, and Trap Doubles events of 453.0 or higher then added to the lowest score for Sporting Clays A Division will be considered the low mark in A Division for High Overall.
- A combined average for the Skeet Singles, Skeet Doubles, 16 yard Trap, 22 yard Trap, and Trap Doubles events of between 415.0 and 452.99 then added to the lowest and highest scores for Sporting Clays B Division will be considered the marks in B Division for High Overall.

WPGF ABRIDGED RULES - SPORTING CLAYS - Page 4

- A combined average for the Skeet Singles, Skeet Doubles, 16 yard Trap, 22 yard Trap, and Trap Doubles events of less than 415.0 then added to the highest score for Sporting Clays C Division will be considered the high mark in C Division for High Overall.

SCORING

Singles: Aggregate score.

Team: The team score is the aggregate of the team member's individual scores.

GENERAL SPORTS RULES for Sporting Clays

Each shooter attempts 100 clay targets.

SHOOT-OFF RULES FOR TIES:

Singles: Referee will pick 3 stations. Shooters will shoot the stations for a total of 15 targets. If still tied, repeat the course until a winner is declared.

Team: Referee will pick a station. Each team member will shoot at birds, alternating between each team member. After each Team member has shot for a total aggregate Team Score, if still tied, Referee will pick another station and repeat the course of fire until a Team winner is declared.

“HIGH OVERALL” EVENT: "A," "B," "C" and Women's Division

If there is a tie for the High Overall event, the shoot-off will be determined by the shoot-off rules for the event that is the final event competed, between Skeet, Sporting Clays, and Trap.
