

# St. Andrew Church

## Tornado Evacuation Plan

EAST

East 1/3 of Church please exit east doors and enter east basement door.

If you are evacuating to the basement for a tornado, law enforcement recommends that you enter small rooms first, then the kitchen area, and last the outside walls in the large room.

We will have a SHORT practice tornado drill after all Masses, May 19 and 20.

We are happy to answer your questions.
