

*Are you interested in volunteering or
know someone that is?*

The Summer Village is looking for Community-minded volunteers for:

1) Emergency Response Team

The Summer Village is working with other urban municipalities within the County boundaries with respect to Emergency Management. Included in this would be the formation of an Emergency Management Agency for all 12 Summer Villages, and then an Emergency Management Committee which will work with the 4 emergency agencies (Summer Villages, Mayerthorpe, Alberta Beach and Onoway). Through this process we will be looking for a Director of Emergency Management, as well as Assistant Directors of Emergency Management. If emergency management is something you are interested in, please contact the administration office at 587-873-5765.

2) Fire Smart Committee

Would you like to become a Fire Smart Community Champion?

As a Community Champion, you would recruit others from your community to create a Fire Smart Board which will include other homeowners and fire professionals and possibly land managers, planners and members of other interest groups. You would advocate for wildfire safety in your community neighbourhood and motivate and organize your neighbours in reducing the potential for wildfire losses. If you are interested in helping the Summer Village become a recognized Fire Smart community, please let us know! Contact the Administration office at 587-873-5765.

3) Wildfire Mitigation Committee

The Summer Village has been working with other stakeholders with respect to wildfire mitigation within our Summer Village. Part of this process is identifying at-risk areas and developing a strategy to address them. If you would like to participate in this committee, please contact the administration office at 587-873-5765.
