

Notes & News

05/18/2020 – New ways of doing business

The coronavirus pandemic has all businesses rethinking how to do business, with more and more online ordering options. So, beginning immediately:

- I will list my current inventory on this website “Available Items”, and you can use the “Contact” page to request an item. (First come, first served.) All items have been created with freshly washed fabric, even before the coronavirus, and clean hands. I will rewash any item before delivery, if requested.
- I will send you an electronic invoice, to the email address you provide, and you can send payment through the link that will be provided by Square (the company/ software I use to process credit cards). Or, mail check or cash payment.
- Local delivery within 25 miles of the Loudon TN area will be free. Packaging will be done with clean hands. Shipping cost through USPS will vary based on size and quantity of the item(s), using the USPS Priority Flat Rate Boxes. (I can force a capelet in a Small Flat Rate Box (currently \$8.10), and up to 2 XL capes can be forced into a Medium Flat Rate Box (currently \$15.05). Shipping, if applicable, will be listed on the invoice.

Custom orders are always welcomed – I would love the opportunity to discuss the *Adorable* child/ children in your life. Many of the available items are from current fabric, that if I don't already have, can be ordered. See “Available Fabrics” for fabrics I already have on hand for your custom order.

Thank you.
