

50 Years Of Caring

for the West Brazos Community

SWEENEY
COMMUNITY
HOSPITAL
"You'll Know We Care"

Sweeny Community Hospital kicked off our 50th Anniversary celebration on March 19 with a special luncheon for those who have retired from our hospital. Each former employee received a gold coin and a delicious lunch made by the dietary staff at the Fountains. Following the luncheon SCH held a reception in the entry way and dining area. Many past employees, current employees, board members along with development foundation members, elected officials, and residents gathered together for readings of proclamations from Mayor Weems, Representative Dennis Bonnen's office, and Senator Joan Huffman's office. Our auxiliary ladies provided delicious finger foods. Billy Lassiter gave a toast on behalf of the hospital with glasses that contained a keepsake keychain. SCH ended the evening with cake and socializing. Thanks to all that attended and supported SCH during our 50th Anniversary.
