

MDV-3

MDV-1

High performance mist collectors designed to filter mist, smoke, and dust from wet grinding, wet machining, soldering / brazing, die casting, and other metal making applications.

- Three-stage filtration for high filtration efficiency and optimum filter life
- Versatile design handles coolant mist, wetted dust and swarf, liquids and smoke in tough applications
- High efficiency airfoil fan with NEMA Premium® Efficiency Electric Motor maximizes performance and reduces operating costs
- Vertical orientation enhances filter drainage and improves vee-bag filter life
- Variety of design layouts and filter choices for both flexibility and expandability
- Larger custom sizes available
- Provides a cleaner work environment for maximum productivity
- Helps support OSHA Clean Air Standards
