It seems as if the whole world has moved online over recent weeks, and our Branch of the NAS is no exception.

The National Autistic Society (national charity) has updated its resources for adults with autism and parents of autistic children about coping during coronavirus, including a list of useful resources and tips for autistic people and families, benefits and employment, going out & shielding and mental health & wellbeing: http://s.12ab.pw/l/073

June 1st – 7th is Volunteers’ Week, a chance to say thank you to all the volunteers who work to support autistic people and their families. Like many other organisations, the Branch is run entirely by volunteers who are either parents or autistic people, and we’d love to have more parents of younger children in particular to join us to share their knowledge and understanding with parents. If you can spare a bit of time (once things unlock), please get in touch.

Don’t forget our moderated email forum is still very active, and lets you exchange information and ask questions of others in the group. You can join by completing this form: http://www.nassurreybranch.org/moderated-email-forum.html

We hope you and your families keep safe.

Other Useful Contacts
NAS Surrey Branch online meet-ups
As our normal parent support groups are unable to meet at the moment, the Branch is organising some online get-togethers for parents, using Zoom. There are two separate groups for parents of adults with autism (see adults section) and a group for parents of children meeting on Tuesday evenings. If numbers grow we may have more separate groups, such as different ones for parents of girls and parents of boys.

If you would like to join one of these online meetings, please email Sara Truman at nas@mugsy.org

Ice skating event cancelled
Sadly, we have had to make the decision to cancel our planned ice skating event at Guildford Spectrum as there is not yet enough clarity about when live events will be possible.

Thank you to everyone who took the time to express their interest on our Eventbrite page. Please do keep an eye on future issues of the newsletter and our email forum for further news.

NAS Sleep Survey
The National Autistic Society is conducting a survey in association with Happy Beds to explore autistic people’s experiences with sleep, what causes difficulties and what helps. Feedback from the survey will be collated by the NAS and used to inform Happy Beds’ communication channels and specifically a blog about autism and sleep. They are looking for autistic people age 16 and over or parents/family members of autistic children/people of any age who know them well enough to support them to answer or answer the questions on their behalf.

Please respond to the survey based on your experiences prior to the pandemic. There is opportunity to discuss sleep differences during COVID-19 in one specific question should you wish to share this experience. It takes about 15-20 minutes to complete. http://s.12ab.pw/l/bf2

It has over 2,000 members and 100 branches and works in partnership with more than 50 local autism societies. The NAS exists to transform lives by being a trusted source of support and practical advice for autistic people and their families at key stages in life and change attitudes by working with businesses, policy-makers, autism professionals and the public to reduce isolation and open up opportunities in society as a whole.
