

Internal Metatarsal Footwear

1007969 Keen

Price: \$149.00

This comfortable, burly work boot delivers protection top to bottom, thanks to an internal metatarsal guard, steel toes and abrasion-resistant leather. Protecting toes one shoe at a time.™

1016163 Keen

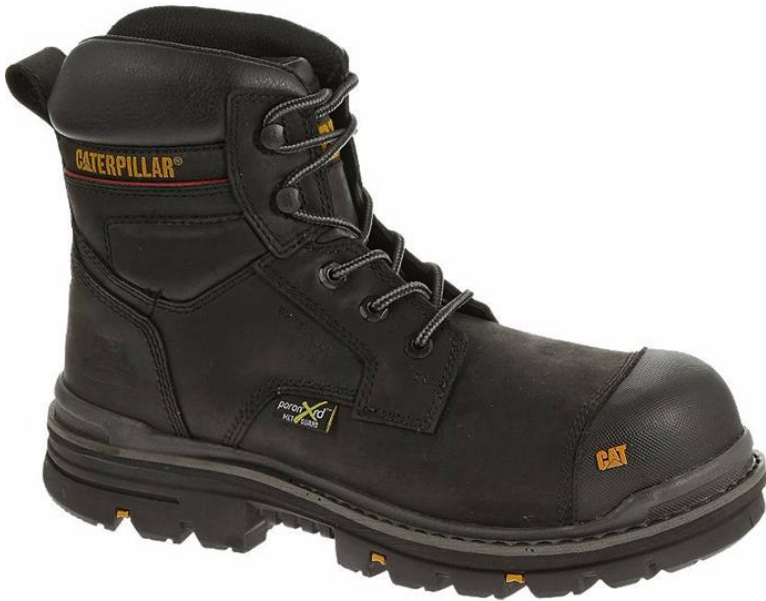

Price: \$111.00

It's styled like a hiking boot, but this work shoe is built tough. Steel toes and an internal metatarsal guard offer impact protection, and EH construction helps guard against electric shocks.

P90542 CAT

Price: \$161.50

Never worry, just work. This quality leather boot is loaded with safety, comfort and performance features such as waterproof, slip resistant and electrical hazard protection. The flexible and durable outsole keeps you moving while the safety toe and metatarsal guard are your best defense in the harshest environments • Full Grain Leather Waterproof Upper • Nylon Mesh Lining • Nylex™ Sock Liner • Molded PU Midsole • T1200 Outsole • Strobel + Cement Construction
