

Further Still

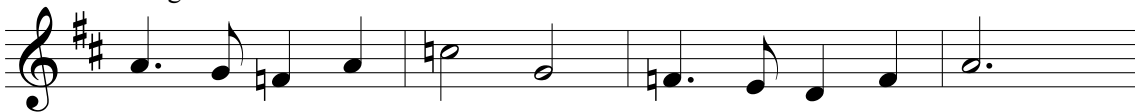

William Flanders

1. Fur - ther still than hill or moun - tain peak,
2. Clos - er still than eyes a - lert can see,
3. Deep - er still than deep - est ther - a - py,

fur - ther still a - bides the help we seek.
clos - er still than rea - son - ing can plea.
strong - er still than med - i - cine can be.

Fur - ther than the hea - vens where the plan - ets roll
Clos - er than the psy - che, clos - er than the soul,
Bold - er still than pas - sion burst - ing from con - trol

a - bides the love that lives to make us whole.
a - bides the love that works to make us whole.
a - bides the love that dies to make us whole.
