Bowls Queensland and BCiB

March 2019

After renewing an agreement to continue our Sponsorship of Bowls Queensland, giving back to the sport of Bowls, we are pleased to provide some insights to consider for 2019 when thinking about **insurance** and **protecting your club**.

Not all about price!

We know the price of insurance for a Bowling Club is important, particularly given the current state of dwindling membership and revenues, however we do not believe price alone should be the deciding factor when placing an insurance program for your club. We utilise our market knowledge and scale to ensure our products can meet the needs of our clubs and remains consistent.

BCiB manage insurance programs for over 820 clubs nationally, we have done so for over 30 years now. In Queensland, we manage the insurance for over 190 club, suitably serviced by Kelvin Kerkow OAM (Commonwealth Games Gold Medallist and one of Queensland's living treasures!). Kelvin can provide a review or Audit of your current program to ensure you have the right cover and you at least, will receive what you pay for when you need it. Please contact Kelvin directly for further information.

Thinking about Renovations or Extensions, a new green?

Contract Building Works – Are You Insured?

Did you know that your existing building insurance may be null and void while work is being undertaken? Your club insurance policy usually does not provide cover for any loss or damage to your existing premises or to the new works whilst construction is taking place. This will depend on the value and scope of the works and the policy wording of the specific insurer. Prior to work commencing, we can arrange a new policy to cover your existing premises but this cannot be done after work has started.

Building contractors will generally have a policy of insurance that covers the value of the work being undertaken, but does not extend to the existing premises. They tend to rely on their public liability insurance to cover your premises, but this will only be effective when loss or damage occurs and

(a) the builder is proven to be at fault and (b) you take lengthy and expensive legal action against the builder.

It is extremely important to contact us before any building works take place and preferably BEFORE YOU SIGN THE BUILDING CONTRACT. We are then able to have the insurance clauses in the contract

reviewed by a lawyer (free of charge to our clients), provide you with advice and arrange alternate cover where required.

State Championships

WELCOME

2019 QUEENSLAND STATE CHAMPIONSHIPS

It's time again for one of the big events of the Queensland bowls' calendar, the 2019 State Championships.

Once again I am delighted to welcome competitors, officials, organisers, supporters and sponsors to Gold Coast for all the action.

I have said it before but I do believe Gold Coast is perhaps the place where the bowls' heart beats strongest. We have clubs dotting the entire length of our city and we host some of the biggest events on the national calendar.

Coming up we will be host city for the 2019 Australian Open, the 2019 Asia Pacific Games and the 2020 World Championships. It all comes on the back of our recent gold medal performance in hosting the 2018 Commonwealth Games. What a great sporting event that was!

While the bowls' action is sure to be exciting, I do encourage everyone to get out and enjoy some of the very many attractions our city has to offer. You will find something to suit every taste, and that extends well beyond our thriving food scene.

Gold Coast has become a cosmopolitan global tourist destination that offers as much culture as it does excitement. Make sure you make time to have some fun. You will be able to make memories to last a lifetime.

So, good luck to everyone competing and may you finish as close to the jack as possible!

TOM TATE
Gold Coast Mayor
