AVCC Non-Playing Member Registration 2017

Amwell Valley Cricket Club is a family-oriented recreational Cricket Club run *by* the members *for* the members. Participation is open to all: adults and children, male and female. The primary goal is to teach and coach members how to play the game in a safe and enjoyable format.

Non-Playing Membership is designed to afford members who are unable to play all the advantages of full family membership, including participation on boards as well as welcoming your social support of cricket games and practice nets, including umpiring, scoring, and other events.

It is our hope members who are unable to play will maintain their continuity of membership through the **non-playing membership** so we continue to benefit from their talents and valued participation in club activities.
