AVION COACH CORPORATION LIMITED WARRANTY

Avion Coach Corporation warrants the basic construction for any component equipment that is installed by the factory, except batteries, against defective material or workmanship for a period of twelve months from date of purchase.
We agree to repair or replace defective parts at no charge for parts or labor.
All repairs to be made under the terms of this warranty shall be authorized in advance by Avion Service Corporation, 1376 East Empire Avenue, Benton Harbor, Michigan 49022.
Transportation to and from the authorized service center or dealer shall be the responsibility of the owner.
This warranty is in lieu of all other warranties, expressed or implied, and excludes conditions from normal wear, accidents, abuse, exposure, overload or inadequate routine maintenance as suggested in the owner's manual.

FOR GMC MOTOR HOMES...

Interiors by Avion

“Traveling Cabinetry” – A Rather Special Art

Building fine cabinets is one thing. Building them to withstand the continuing stress of vehicular movement is something else again. It requires expertise born of extensive experience, plus uncompromising standards of quality control.

Avion hand-fitted cabinetry has a nationwide reputation for beauty, utility and durability that reflects nineteen years of superior performance under all conceivable road conditions.

Each cabinet is specifically designed to accept the strain of jolts, jerks and vibrations for the life of your GMC motor home. Mortise and tenon construction—fastened and glued— must pass six inspections prior to installation. Every drawer must slide freely, every door close snugly. There can be no warps, gaps or misfits.

And Avion gives you so much storage room! Every available cubic foot is utilized in a floor plan that still leaves a spacious interior for your abiding pleasure. You’ll be surprised and delighted to find how much you can store in your Avion cabinets.

Avion interiors include top-name appliances, bedding and appointments, plus luxurious, deep-nap carpeting and coordinated upholstery. The plan and photos at right will tell you a lot. A close, personal inspection will tell you there is no finer motor home interior.

Avion interior design puts every foot of space to work. Note efficient arrangement of galley and dinette.

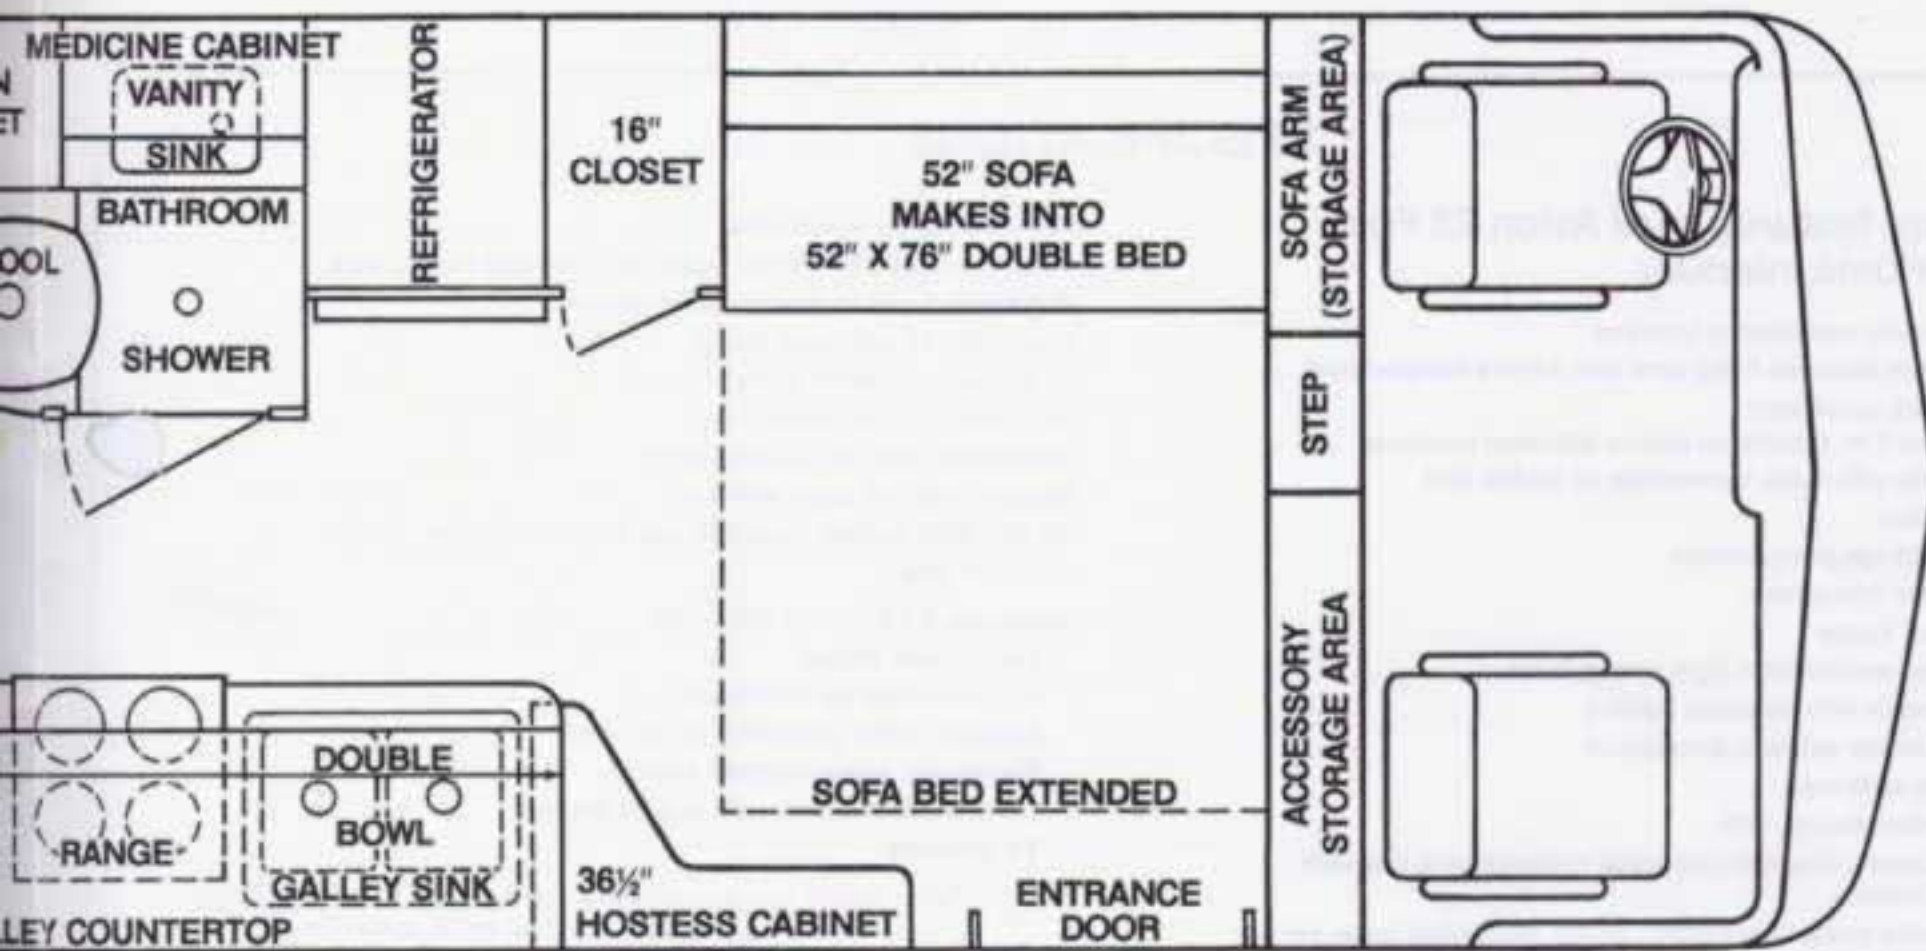

All cabinetry is handcrafted woodwork in light walnut finish, built to last the life of your motor home.

Carpeting extends into driver compartment and is color-coordinated with other interior fabrics.

Dinette table folds away as seats make into 48" x 74" double bed in rear compartment.

Front sofa makes up into 52" x 76" double bed with divider drape for driver compartment.

Designed for Your Enduring Pleasure

The interior of your 26' GMC Motor Home has been designed and constructed to provide year after year of comfort and convenience. Every foot and every feature contributes to your ease and enjoyment of this carefree life style.

Your Avion interior features permanent beds and a vanity with unique pull-out table extension. Since the beds double as luxurious seating, the bedroom becomes an observation lounge for waking hours activities.

All interior cabinetry is beautiful Avion birchwood veneer in light walnut finish. Every cupboard, drawer and work surface has been hand-finished and custom-fitted to Avion standards. Our extensive experience in the special art of producing "traveling cabinetry" assures long, trouble-free life under the stress of vehicular movement.

Compare the Avion interior with that of any other motor home. Then enjoy it in the knowledge that there is no finer made.

Bath features marine-type toilet, lavatory, and separate shower stall with telephone shower head on flexible hose, plus seat. Also mirrored vanity, medicine chest and linen closet.

Bedroom features permanent beds which double as seating by day. Vanity has unique table leaf which extends forward between beds for card games or other activities.

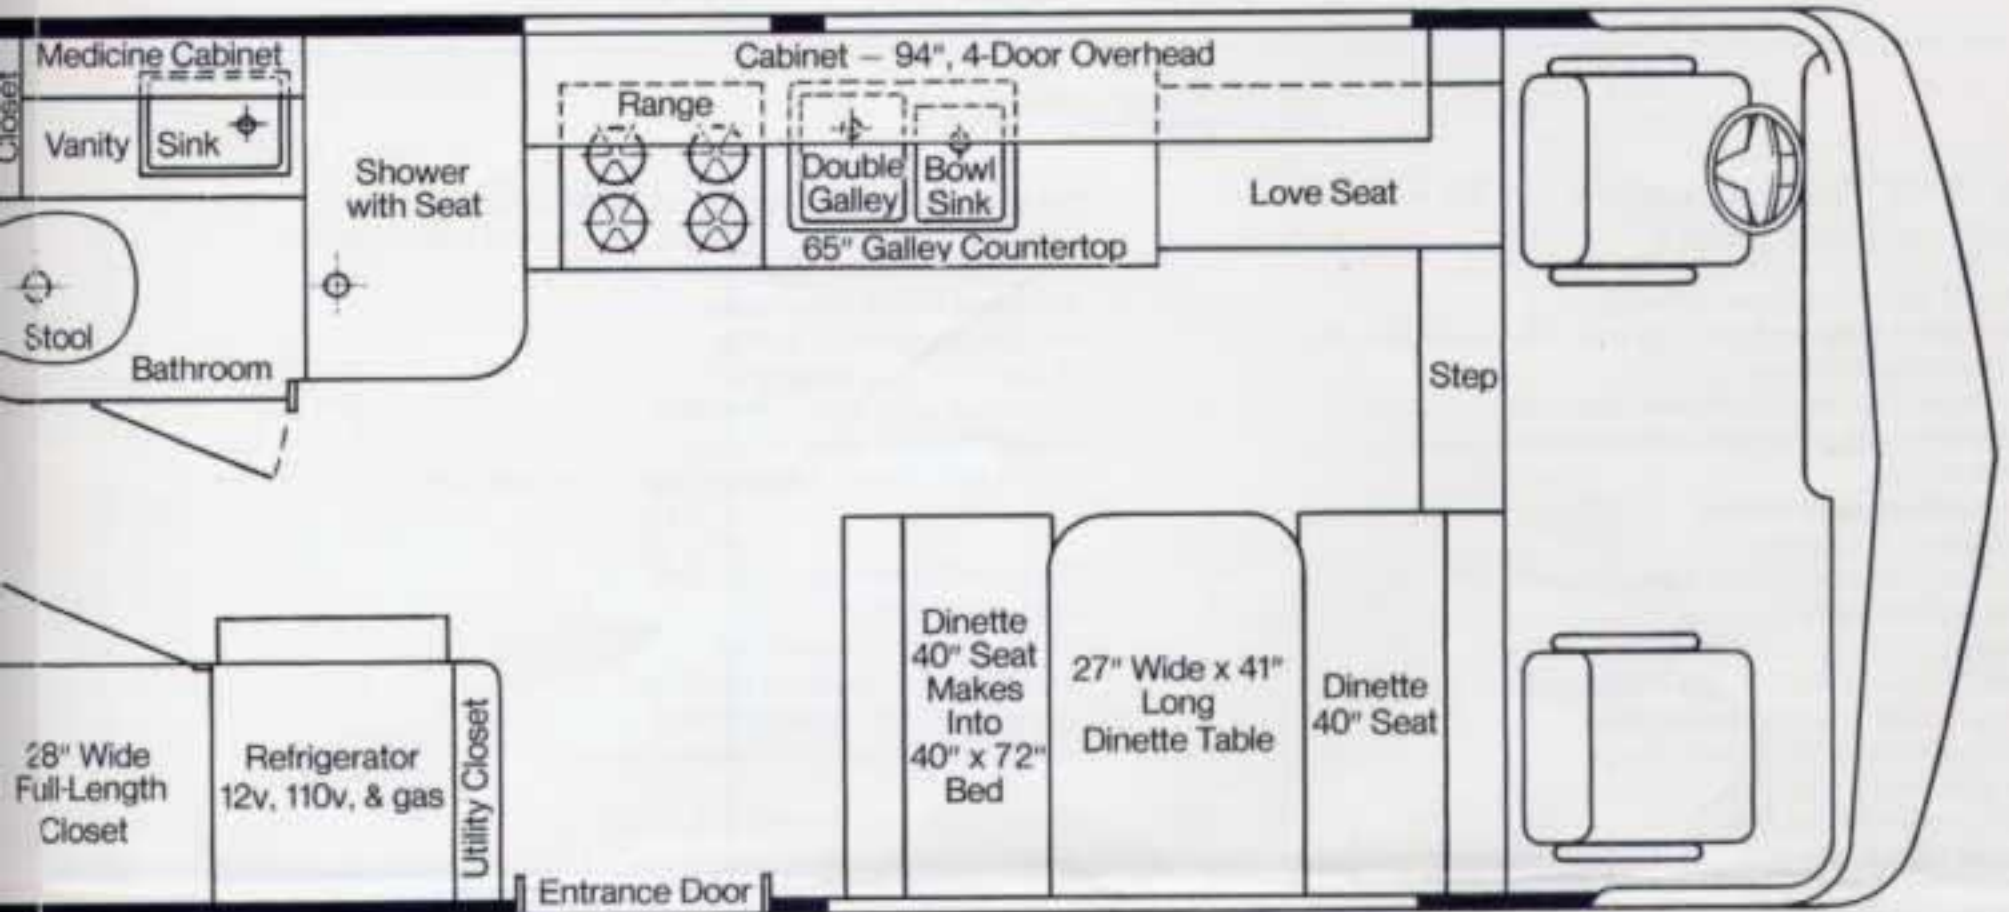

Galley has steel double sink, combination gas/electric refrigerator with freezer compartment, plus 4-burner gas range with full-size oven and broiler.

Dinette table and seats convert to double bed. Deep-nap carpeting extends into driver compartment. All interior fabrics are color-coordinated.

Overall design combines optimum storage with ample living area. All cabinetry is meticulously constructed and finished to assure beauty and convenience throughout the life of your motor home.

Combination gas/electric refrigerator offers six cubic feet of capacity, including freezer compartment. Nose overhead locker cabinets and dinette storage compartment.
